Turn your interest in computers into a career!

**NEW PROGRAMS AVAILABLE IN COVINGTON**

Georgia Piedmont Technical College (GPTC) is your way forward, right here in Newton County. GPTC’s Newton Campus now offers both Computer Programming and Computer Support Specialist programs, which equip students with the skills and know-how needed to thrive in fields of computer technology. 

*Please visit gptc.edu/admissions to get started!*

**Computer Support Specialist**

Earn your Associate of Applied Science degree as a Computer Support Specialist in only two years with GPTC. The program provides students with a comprehensive understanding of the concepts, principles and techniques required in computer information processing. Graduates are to be competent in the technical areas such as program design, development, computer networking and much more!

**Computer Programming**

The Computer Programming associate degree program consists of courses designed to provide students with an understanding of the concepts, principles and techniques required in writing computer software in as few as 24 months! Program graduates are to be competent in the technical areas of SQL, HTML, systems analysis and design, database management, networking concepts and various programming languages.
