Now celebrating its 56th year, Georgia Piedmont Technical College was first established in 1961 as DeKalb Area Vocational School. The college was initially organized in cooperation with the Vocational Division of the State Department of Education as a part of the total educational program operated by the DeKalb County Board of Education. DeKalb Technical College operated as a division and campus of Georgia Perimeter College from 1972 to 1986, and as the post-secondary unit of DeKalb County School System until June 30, 1996. On July 1, 1996, DeKalb Tech began operating as a unit of the Technical College System of Georgia. In 2000, DeKalb Technical Institute’s name was officially changed to DeKalb Technical College. Established to serve a multi-county area east of Atlanta, the college is part of the Technical College System of Georgia. The college enrolled its first class of 18 students in Electronics Technology in 1961. At that time, the college was in temporary quarters while the DeKalb Campus facility was under construction. The facility on North Indian Creek Drive in Clarkston opened in October 1963 and consists of five buildings, totaling 275,000 square feet of floor space.

Today, the college has ten centers of learning in DeKalb, Newton, Rockdale and Morgan counties. Georgia Piedmont Technical College currently has more than 8,000 students enrolled in credit programs and more than 9,000 in adult education and continuing education classes. Academic and technical programs at GPTC cover more than 120 different occupations. There are more than 260 full-time members of the faculty and staff, and part-time faculty and staff number approximately 660. Changing to semester scheduling in Fall 2011, Georgia Piedmont Technical College offers classes year-round, in fall, spring and summer terms.

Technical Education Warranty

In collaboration with the Technical College System of Georgia and other technical colleges in the state, Georgia Piedmont Technical College has established curriculum standards with direct involvement of business and industry. These standards serve as the industry-validated specifications which allow Georgia’s 22 technical colleges to provide a Technical Education Warranty. The Technical Education Warranty states that:

If one of our graduates, educated under a standard program, or his/her employer finds that the graduate is deficient in one or more competencies as defined in the standards, the technical college will retrain the employee at no instructional cost to the employee or the employer.

The Technical Education Warranty applies to any Georgia Piedmont Technical College graduate who is employed in the field of his/her training and is in effect for a period of two years after graduation. Georgia Piedmont Technical College graduates or their employers who see a need to inquire or to file a claim under this Warranty should submit a written request citing the graduate’s name, student identification number, program of study, and dates of attendance along with a description of the deficiency to the Office of the Associate Vice President of Academic Affairs. The Office of the Associate Vice President of Academic Affairs will review the claim and take appropriate action. This warranty is in effect for a period of two years after graduation.

Work Ethics

The Work Ethics Program encourages students to develop positive work habits conducive to the needs of the workforce. In efforts to develop a viable and effective workforce, leaders in business and industry have identified ten essential work ethics traits that are taught and practiced at Georgia Piedmont Technical College:

- Character
- Communication

- Appearance
As Georgia Piedmont Technical College students interact in the classroom or lab, faculty monitors and documents their behaviors using the Work Ethics Trait Behavior Documentation Form. A midterm report provides every student feedback about their work ethics performance. Students are issued a work ethics grade each semester for all courses attempted, and it holds equal importance for grades earned via technical skills.

**Statement of Equal Opportunity**

Georgia Piedmont Technical College is committed to the concept of an open-door policy and equal educational opportunity. Student Rights & Responsibilities

Students are charged with certain rights and responsibilities which legitimize their membership in the Georgia Piedmont Technical College community. All students are expected to understand and exercise their rights, fulfill their responsibilities, and respect the rights of others.

Knowledge of student rights and responsibilities can help students to avoid the sanctions prescribed for violations of conduct. More important, it can assist students in helping to maintain a climate in which their skills and abilities can be developed without denying the same opportunity to others.

Unfamiliarity with student rights and responsibilities does not excuse students from carrying out their charge as members of the Georgia Piedmont Technical College community.

Georgia Piedmont Technical College promotes an orderly climate of academic integrity, rational and critical inquiry, intellectual freedom, and freedom of individual thought and expression consistent with the rights of others. Faculty, staff, and students have reciprocal rights and obligations designated to establish and maintain these tenets. Georgia Piedmont Technical College protects the rights of students and invokes sanctions where conduct adversely affects Georgia Piedmont Technical College’s pursuit of its educational objectives.

Students have a right to be heard through the School Deans, the Dean of Student Affairs, or the Vice President of Adult Education in matters which affect their rights and responsibilities. Students have the right to take a stand on issues, to examine and discuss questions of interest, and to support legal causes by orderly means which do not disrupt Georgia Piedmont Technical College operations or interfere with the rights of others. Students or student groups wishing to engage in a peaceful demonstration must obtain a permit from the Office of Student Affairs and Enrollment Management at least forty-eight (48) hours prior to the demonstration. The demonstration must be restricted to the area specified in the permit. An electronic permit can be requested via the following link: https://publicdocs.maxient.com/reportingform.php?GeorgiaPiedmontTC&layout_id=7

Students have the right to freedom of expression by word or symbol as long as it does not materially or substantially interfere with the orderly operation of Georgia Piedmont Technical College or the rights of others. This right of expression does not protect lewd, indecent, or obscene conduct and expression.

Student publications and communications guarantee the rights inherent in the concept of “freedom of the press.” Individual students and organizations have the right to publish, distribute, and broadcast material on a Georgia Piedmont Technical College campus provided that the materials identify the name of the student and organization. All publications and broadcasts are subject to the canons of responsible journalism, including the avoidance of libel, avoidance of indecency or obscenity, undocumented allegations, and techniques of harassment and innuendo.
Student organizations approved by the Associate Vice President of Student Affairs may meet on Georgia Piedmont Technical College premises provided they make arrangements in accordance with the rules and regulations for room and space reservation.

Students and/or student groups may not make reservations in their names for outside groups or organizations to use Georgia Piedmont Technical College facilities.

Only student organizations approved by the Associate Vice President of Student Affairs may invite speakers on campus for the purpose of hearing the speaker’s ideas and opinions.

The President of Georgia Piedmont Technical College or an authorized representative may cancel a speaker’s reservation when there is a clear and present danger that the speaker would threaten the orderly operation of Georgia Piedmont Technical College. Such a cancellation will be communicated to the sponsoring organization.

Students have the right to have their academic and disciplinary records kept confidential subject to existing law. No official records are kept which reflect any alleged political activity or belief of students. No official records of students are available to unauthorized persons without the expressed written consent of the student involved except under legal compulsion.

**Academic Misconduct**

1. **Policy**

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of this academic community, students are encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for knowledge. Freedom to teach and freedom to learn are inseparable facets of academic conditions in the classroom, on campus, additional college sites, and in the community. Students are expected to exercise their freedom with responsibility. As members of the academic community, students are subject to the obligations which accrue to them by virtue of this membership. As members of the larger community of which the college is a part, students are entitled to all rights and protection accorded them by the laws of the community. Nothing in this Code of Conduct shall be interpreted to interfere with any person’s right to free speech as provided by the First Amendment to the Constitution of the United States of America.

By the same token, students are also subject to all laws, the enforcement of which is the responsibility of duly constituted authorities. When students violate laws, they may incur penalties prescribed by legal authorities. In such instances, college discipline will be initiated if the presence of the student on campus is considered a possible threat to persons or property, or if that person’s presence may disrupt the educational process of the college. However, when a student’s violation of the law also adversely affects the college’s recognized educational objectives, or violates the college’s Student Code of Conduct, the college will enforce its own regulations. When students violate college regulations, they are subject to disciplinary action by the college as to whether or not their conduct violates the law.
It is the policy of the Technical College System of Georgia (TCSG) to provide technical and adult education programs for the people of Georgia. TCSG’s technical colleges must provide opportunities for intellectual, emotional, social, and physical growth.

Technical college students assume an obligation to act in a manner compatible with the fulfillment of the mission. The technical college community recognizes its responsibility to provide an atmosphere conducive to growth. With these principles in mind, the Technical College System of Georgia establishes this Student Code of Conduct.

Generally, technical college jurisdiction and discipline shall be limited to conduct which occurs on technical college premises, off-campus classes, activities or functions sponsored by the technical college, an examination or any other written or oral work submitted for evaluation and/or a grade, or which otherwise adversely affects members of the technical college community and/or the pursuit of the technical college’s objectives.

Students have the right to have their academic and disciplinary records kept confidential subject to existing law. No official records are kept which reflect any alleged political activity or belief of students. No official records of students are available to unauthorized persons without the expressed written consent of the student involved except under legal compulsion.

**Student grievance and appeal procedures:**

It is the policy of the Technical College System of Georgia to maintain a grievance process available to all students that provides an open and meaningful forum for their grievances, the resolution of these grievances, and is subject to clear guidelines. This procedure does not address grievances related to the unlawful harassment discrimination and/or retaliation for reporting harassment/discrimination against students. Those complaints are handled by the Unlawful Harassment and Discrimination of Students Procedure.

**DEFINITIONS:**

A. **Grievance issues:** Issues arising from the application of a policy/procedure to the student’s specific case is always grievance. Specifically, grievances are issues that are related to student advisement, improper disclosure of grades, unfair testing procedures and poor treatment of students; this is a representative list and is not meant to be exhaustive.

B. **Non-grievance issues:** Issues which have a separate process for resolution (i.e. disciplinary sanctions, FERPA, financial aid, academic grades, discrimination, harassment etc.) are not grievance and a student must take advantage of the process in place.

C. **Business days:** Weekdays that the college administrative offices are open.

D. **Associate Vice President of Student Affairs (AVPSA):** The staff member in charge of the student services division at the college.
E. Retaliation: Unfavorable action taken, condition created, or other action taken by a student/employee for the purpose of intimidation directed toward a student because the student initiated a grievance or participated in an investigation of a grievance.

F. Grievant: the student who is making the complaint.

INFORMAL GRIEVANCE PROCEDURE:

For all timelines established herein, if a student will need additional time, an extension may be granted at the Associate Vice President for Student Affairs’ discretion.

Informal Grievance Procedure: Students with grievance issues should be resolved those issues, if possible, on an informal basis without the filing of a formal grievance.

A. A student has 10 business days from the date of the incident being grieved to resolve the matter informally by approaching their instructor, division chair or any other staff or faculty member directly involved in the grieved incident.

B. Where this process does not result in a resolution of the grievance issue, the student may proceed to the formal grievance procedure below.

Formal Grievance Procedure: Where a student cannot resolve their grievance informally, he or she may use this formal grievance procedure.

A. Within 15 business days of the incident being grieved, the student must file a formal grievance in the office of the Associate Vice President for Student Affairs (AVPSA) or his/her designee with the following information:

Name:

Date:

Brief description of incident being grieved:

Remedy requested:

Signed, and Informal remedy attempted by student and outcome

B. If the grievance is against the AVPSA, the student shall file the grievance with the Technical College President.

C. The AVPSA, or his/her designee, will investigate the matter and supply a written response to the student within 15 business days.

D. If the grieved incident involves possible unlawful harassment, discrimination or retaliation for reporting unlawful harassment/discrimination, the investigation will be handled pursuant to the Procedure: Unlawful Harassment and Discrimination of Students.

E. If the grieved incident is closely related to an incident being processed through the harassment/discrimination or disciplinary procedures, the proceedings under the Unlawful Harassment and Discrimination of Students procedure will take precedence, then the
disciplinary procedure and then the student’s grievance will be addressed. The grievance will not be processed until after the other procedures have run their course.

F. The AVPSA, or his/her designee, shall be granted an additional 15 business days to investigate the grievance upon notice to the grieving student.

Appeal: The student may appeal the decision from the AVPSA or his/her designee to the technical college President. Only the student has the right to appeal. A student shall file a written appeal to the technical college President within 5 business days of receiving the response referenced in Formal Grievance Procedure, Item B. above.

A. The appeal will be decided based entirely on documents provided by the student and the administration; therefore the student must ensure that he or she has provided all relevant documents with his appeal.

B. At the sole discretion of the technical college President, grievance appeals at their institution may be held in one of the following two ways:

The technical college President may review the information provided by the student and administration and make the final decision; or, the technical college President may appoint a cross-functional committee, to make the final decision. The decision of either the technical college President or the cross-functional committee shall be made within 10 business days of receipt of the appeal.

C. Whichever process is chosen by the technical college President; the decision of the grievance appeal is final.

Retaliation against a student for filing a grievance is strictly prohibited.

RECORD RETENTION: Documents relating to formal grievances including investigations, dispositions and the grievance itself shall be held for 5 years after the graduation of the student or the date of the student’s last attendance.

A. Administration and Implementation

1. Each college president shall designate one or more officials to serve as the Title IX Coordinator and the Section 504 Coordinator and ensure the designated officials have received appropriate training.

4. The Compliance Officer will conduct training programs and monitor the colleges to ensure the correct administration and implementation of this procedure, and will ensure that proactive or corrective measures have been taken to prevent unlawful discrimination, harassment, or retaliation.

A. Reporting and Management Action

1. All students are encouraged to report events of unlawful harassment, discrimination, sexual violence and/or retaliation (“prohibited conduct”) against themselves or others, regardless of where the incident occurred.

2. Students have the right to file (or not to file) a criminal complaint for sexual violence with the local law enforcement authorities before, during, or after filing a complaint with the college. The technical college shall not unreasonably delay investigation under this procedure to await the outcome of any criminal investigation.

3. If a student filing a complaint requests anonymity or asks that the complaint not be pursued, the college must inform the student that its ability to respond may be limited, that retaliation for filing a complaint is prohibited and steps to prevent harassment and retaliation will be taken. The college should take all reasonable steps to investigate and respond to the complaint consistent with the request and pursue other steps to limit the effects of the alleged harassment and prevent recurrence.

4. Colleges may weigh a request to not pursue a complaint considering the following factors: the seriousness of the alleged conduct, the complainant’s age, whether there have been other harassment complaints about the same individual, and the alleged harasser’s rights to receive information about the allegations if the information is maintained as an “education record” under FERPA. The college must inform the student if the request cannot be ensured.

5. Reports concerning all prohibited conduct referenced in this procedure will be processed confidentially to the extent permitted by law; communications regarding complaints will be disseminated to others on a need-to-know basis to ensure that necessary steps are taken to protect the community as a whole and that appropriate disciplinary measures or corrective actions are considered and taken.

6. Allegations or suspicions of unlawful discrimination, harassment, sexual harassment, sexual violence or unlawful retaliation may be reported to the technical college’s Title IX or Section 504 Coordinators, the president, the Commissioner, or the Human Resources Director (should the complaint involve employees). Complaints may also be emailed to unlawfulharassment@tcsg.edu.

7. Complaints under this procedure can be expressed in writing, by telephone, or in person; individuals are, however, encouraged to express complaints in writing to ensure all concerns are addressed.

8. If an allegation of unlawful harassment, discrimination, sexual harassment, sexual violence or retaliation is made to an employee not designated to receive such reports, the employee receiving the complaint must report the allegation as provided in section 6 above.

9. Allegations of any sexual conduct involving individuals under the age of 18 must also be reported as an allegation of child abuse as outlined in O.C.G.A. § 19-7-5.
10. The Commissioner or president may suspend, transfer or reassign employees or students in order to prevent possible further harassment, discrimination, sexual violence or retaliation; to facilitate the investigation or to implement preventive or corrective actions under this procedure.

11. Any allegation of unlawful harassment, discrimination, sexual harassment, sexual violence or retaliation against employees must be reported to the Human Resources Director who may elect to conduct the investigation in conjunction with other local investigators.

Investigations

1. All complaints of prohibited conduct under this procedure shall be investigated by local investigators thoroughly and should be completed within 45 business days of the receipt of the complaint. The parties will be notified if extraordinary circumstances exist requiring additional time.

2. A complaining party will be notified within 5 business days of receipt of the complaint if the complaint does not specify facts sufficient to allege unlawful discrimination, harassment, sexual violence or retaliation and that a formal investigation will not be conducted pursuant to this procedure. The complaining party may appeal the decision in writing to the president within 5 business days of receiving the notice. The president’s decision will be final.

3. Individuals designated to investigate, review or recommend corrective actions in response to allegations will be trained to conduct investigations in a manner that protects the safety of victims and promotes accountability. Individuals assigned as the investigator for a particular incident shall disclose to the president any relationship with the parties that could call into question their ability to be objective prior to taking any action with respect to the investigation. The president will reassign alternate individuals if necessary.

4. Investigations will be conducted by gathering relevant information and interviewing appropriate witnesses. Both the complaining party and the respondent (the parties) will be given equal opportunity to identify witnesses and offer evidence in person or in writing. Best efforts will be made to interview all witnesses identified by the parties. Both the complaining party and the respondent may be accompanied by an advisor of his or her choice. However, the advisor may not speak on behalf of the party.

5. The college will evaluate the information collected during the investigation and determine whether a preponderance of the evidence substantiates that unlawful discrimination, unlawful harassment sexual violence and/or unlawful retaliation has occurred.

6. Investigations and summary findings will be documented appropriately.

7. No later than 10 business days after completion of an investigation, both of the parties will be simultaneously provided a summary of the results of the investigation in writing.

Any information prohibited from disclosure by law or policy will be redacted from any documents prior to distribution.
C. Corrective Actions

1. Colleges will take all reasonable steps to prevent unlawful retaliation against complainants and any other individuals participating in investigations under this procedure.

2. If prohibited conduct is determined to have occurred following the investigation, the college, through the appropriate officials, shall implement steps to prevent a recurrence and to correct the discriminatory effects on the complaining party and others as appropriate. Steps may include, but are not limited to, mandating training or evaluation, disciplinary sanctions, policy implementation or reassignment of students or employees.

3. Should recommended disciplinary sanctions involve academic suspension, expulsion or dismissal from employment, the matter must be referred to either the Vice President for Student Affairs for students or the Human Resources Director for employees. Allegations regarding students shall be considered and sanctions assigned as provided by the college’s Student Code of Conduct and Disciplinary Procedure. Sanctions for employees shall be considered as provided by the Positive Discipline Procedure.

4. Individuals who are responsible for conducting or reviewing investigations or proposing sanctions under this procedure should not also serve as reviewing officials or hearing officers in the appeal of sanctions arising from an investigation.

5. Even in the absence of sufficient evidence to substantiate a finding that unlawful discrimination, unlawful harassment, sexual violence or retaliation has occurred, colleges are expected to address any inappropriate conduct and take all reasonable steps to prevent any future unlawful discrimination, harassment, sexual violence or retaliation.

D. Reviews and Dispositions

1. Any of the parties to a complaint under this procedure may request a review of the investigative findings within 5 business days of receiving notice of the investigative results by submitting a written request to the president.

2. The president shall review all investigations conducted under this procedure and ensure that the appropriate corrective actions have been implemented.

3. Within 10 business days of receiving a request for a review of the investigative findings, the president of the college will notify the parties in writing of his/her final determination, including any change in the result of the findings. The notice will inform the parties they have a right to appeal the determination to the Technical College System of Georgia’s Legal Services Office by submitting a written request within 3 business days by regular mail or email to one of the following:

   Technical College System of Georgia Office of Legal Services

   1800 Century Place, N.E. Suite 400

   Atlanta, Georgia 30345 OR Unlawfulharassment@tcsge.edu
• The Office of Legal Services will convene a panel of at least 3 individuals not employed by the requestor’s college to review the investigative findings. The panel’s decision is final and will conclude the processing of the complaint. Both parties will be notified in writing simultaneously of the results of the review and any changes in the results of the investigative findings under appeal.

V. RECORD RETENTION

Documents relating to formal complaints including investigations, dispositions and the complaint itself shall be held for 5 years after the graduation of the student or the date of the student’s last attendance.

Confidential Documents shall be held in a secure location under the custody and control of the Associate Vice President of Student Affairs or the President’s designee. Documents pertaining to employees that are maintained by the Office of Human Resources shall be maintained in a secure location and in accordance with the Georgia Secretary of State’s records retention schedule:

Drug-Free Schools and Communities Act

This policy has been developed in concert with the federal Drug Free Schools and Communities Act which was enacted to ensure that any institution of higher education that receives funds under any federal program has adopted and implemented a program to prevent the use of illicit drugs and abuse of alcohol by students. It also incorporates the statutory mandates required under the state Drug-Free Postsecondary Education Act of 1990 (O.C.G.A. § 20-1-20 et seq.)

No student may engage in the unlawful manufacture, possession, use or distribution of illicit drugs and alcohol on the technical college’s property or as part of any of its sponsored activities.

Such unlawful activity may be considered sufficient grounds for serious punitive action, including expulsion. Disciplinary sanctions for students convicted of a felony offense involving alcohol or the manufacture, distribution, sale, possession or use of marijuana, controlled substances or other illegal or dangerous drugs shall be immediate suspension and denial of further state and/or federal funds from the date of conviction. Specifically, in the case of a drug related offense the student shall minimally be suspended for the remainder of the quarter and forfeit all academic credit for that period.

The technical college shall notify the appropriate state/federal funding agency within 10 days after receiving notice of the conviction from the student or otherwise after receiving the actual notice of conviction.

Within 30 days of notification of conviction, the Technical College shall with respect to any student so convicted:

1) Take additional appropriate action against such student up to and including expulsion as it deems necessary.

2) Provide such student with a description of any drug or alcohol counseling treatment, or rehabilitation or re-entry programs that are available for such purposes by a federal, state or local health, law enforcement or other appropriate agency.
The technical college is responsible for ensuring the development and implementation of a drug free awareness program to inform students of the following:

1) The dangers of drug and alcohol abuse on the campus and elsewhere.
2) Any available drug and alcohol counseling, rehabilitation and assistance programs.
3) Any penalties to be imposed upon students for drug and alcohol abuse violations occurring on the campus.

Each technical college shall conduct a biennial review of its program to determine its effectiveness and implement changes to the program if they are needed and to ensure that the sanctions required by the program are consistently enforced. Each technical college shall maintain and make available to the U. S. Secretary of Education and to the public a copy of each item in the program as required by this policy and applicable law as well as results of the biennial review.

Appeals Procedure

Disciplinary Appeals Procedure

C. Hearing/Appeals Procedure

1. A student who wishes to appeal a disciplinary decision by the Associate Vice President for Student Affairs or his/her designee regarding an assigned sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade must file a written notice of appeal through the technical college president’s office for review by the Hearing Body within five business days of notification of the decision. The person filing the initial complaint against the student must be notified of the hearing date.

2. If the Associate Vice President for Student Affairs or his/her designee recommended a sanction of disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the matter will be referred to the Hearing Body by the Associate Vice President for Student Affairs. The student need not file a written notice of his or her desire to appear before the Hearing Body. The person filing the initial complaint shall also be given notification of the hearing.

3. The student will then have the right to appear in a hearing before a Hearing Body assigned by the technical college president or his/her designee within 10 business days to present evidence and/or testimony. If the student has been placed on an interim disciplinary suspension, the hearing must be held as soon as possible, preferably within five days. The student has the right to be assisted by any single advisor he/she chooses, at his/her own expense. The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a Hearing Body.

4. The Hearing Body may consist of a single person or a group of people drawn from the technical college community. There shall be a single official record, such as a tape recording, of all hearings before the Hearing Body. The official record shall be the property of the technical college. The standard of proof in all hearings shall be a preponderance of the evidence. The chairperson of the Hearing Body shall notify the technical college president and the Associate Vice President for Student Affairs in writing of the Hearing Body’s decision. The technical college president or his/her designee will notify the student in writing of the Hearing Body’s decision.
5. If the student appeared before the Hearing Body to appeal the Associate Vice President for Student Affairs or his/her designee’s sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade, the Hearing Body’s decision regarding the appeal is final. A copy of the Hearing Body’s written decision will be provided to both the student and the person who filed the original complaint.

6. If the student appeared before the Hearing Body after the Associate Vice President for Student Affairs or his/her designee recommended disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the student shall have the opportunity to appeal directly to the technical college president.

7. If entitled to an appeal to the technical college president, the student shall have 5 business days after receiving written notification of the Hearing Body’s decision to request in writing an appeal. The student shall ensure that all relevant information is included with this request. The person who filed the original complaint shall be notified of the student’s appeal.

8. The president of the technical college or his/her designee’s review shall be in writing and shall only consider evidence currently in the record, new facts not brought up in earlier stages of the appeal shall not be considered. The technical college president or his/her designee shall deliver the decision to the student and the person who filed the original complaint within 10 business days. The decision of the technical college president or his/her designee shall be final and binding.

Academic Appeals Procedures

Academic Suspension
An appeal of academic suspension may be made and must be initiated as soon as possible but no later than the first day preceding the subsequent semester. Should the student choose to appeal, the process is as follows:

A. An Appeal of Academic Suspension Form should be obtained from the Office of Associate Vice President of Academic Affairs. (The form may also be accessed from the GPTC website.) The student must provide extensive explanation for the justification of the appeal. The completed form and a copy of the student’s grade report should then be returned to the Office of Associate Vice President of Academic Affairs at which time the appeal process officially begins.

B. The Associate Vice President of Academic Affairs will then notify the appropriate Admissions Appeal Committee chairperson concerning the student Academic Suspension Appeal.

C. The appeal form, and a copy of the student’s grade report are routed to the Chairperson of the Admissions Appeal Committee and a meeting of the Committee is held. In the event that the Committee believes that the information received is not sufficient to make a decision, it may request the presence of the student and/or school representative to further clarify the situation.
After review, the appeal is either “Denied” or “Approved” with recommendations or conditions as appropriate. The decision of the Committee is the final step in the appeal procedure. The decision of the Admissions Appeal Committee is final.

D. The student will be notified of the decision by certified mail from the Office of Associate Vice President of Academic Affairs. The student will also be notified of the decision via phone or email by the Associate Vice President of Academic Affairs or designee.

Grade Appeals

Student Final Course Grade Appeal Request Guidelines Steps 1 – 5. Prior to requesting the appeal of a final course grade, the student should read the following statement:

Course grades assigned by faculty members are final unless there is evidence that the grade was influenced by consideration of race, color, religion, sex, marital status, disability or national origin, arbitrary or capricious action or other reasons not related to the academic performance of the student. In all cases, the student shall assume the burden of proof with respect to the allegations. Course grades of “C” or higher are not appealable.

In the event the student elects to file an appeal, the student is required to refer to, and abide by, the guidelines provided below. All information provided for this appeal must be legible.

Grade Appeal Request Guidelines Steps 1 – 5

Pending resolution of the appeal request, the final course grade stands. If the student fails to present the Final Course Grade Appeal Request within the time frames specified within these guidelines, the student’s final course grade stands.

To ensure fair and equitable treatment for all students, the steps provided below are to be followed in sequential order beginning with Step 1. Fair and appropriate resolution may occur at any of the five steps provided below.

Step 1.a. The student must complete page 1 of the Student Final Course Appeal Request form.

Step 1.b. The student must review his/her grade with the course faculty member. The student has fourteen (14) calendar days from the first day of the semester following the semester in which the grade was earned to consult with the faculty member in an effort to review the final grade assigned.

If, for any reason, the faculty member is unavailable, the student should contact the faculty member’s Division Chairperson to review the course grade.

If fourteen (14) calendar days from the first day of the semester following the semester in which the grade was earned have passed prior to the student completing Step 1, the final course grade stands.

Possible outcomes of the Final Course Grade Appeal are:

1) The Final Course Grade remains as assigned by the course faculty member.
2) The Final Course Grade is changed by the course faculty member to a new grade which may be higher or lower than the initial grade assigned by the course faculty member.

3) If the Student or the faculty member determines that the Final Course Grade Appeal Request warrants further review, the process moves to Step 2 – submission to the appropriate Division Chairperson.

**Step 2.** Should further review be requested, the student has seven (7) calendar days from the course faculty members signature/date from Step 1 to present this form with the appropriate signatures and supporting documentation to the faculty member’s Division Chair. The Division Chair shall discuss the appeal with the faculty member and the student.

Possible outcomes of the Final Course Grade Appeal are:

1) The Final Course Grade remains as assigned by the course faculty member.

2) The Final Course Grade is administratively changed by the Division Chair to a new grade which may be higher or lower than the initial grade assigned by the course faculty member.

3) If the Student or the Division Chair determines that the Final Course Grade Appeal Request warrants further review, the process moves to Step 3 – submission to the appropriate Academic Dean.

**Step 3.** Should further review be requested, the student has seven (7) calendar days from the signature/date from Step 2 to present this form with the appropriate signatures and supporting documentation to the appropriate Academic Dean.

The Academic Dean shall discuss the appeal with the faculty member and the student within fourteen (14) calendar days of the signature/date from Step 2. The Academic Dean, in collaboration with the Division Chair, shall prepare a written decision regarding this grade appeal. A copy of the Academic Dean’s written decision shall be provided to the student, course faculty member (and/or supervisor), Division Chair, and the Associate Vice President of Academic Affairs.

Possible outcomes of the Final Course Grade Appeal are:

1) The Final Course Grade remains as assigned by the course faculty member.

2) The Final Course Grade is administratively changed to a new grade which may be higher or lower than the initial grade assigned by the course faculty member.

3) If the Student or the Academic Dean determines that the Final Course Grade Appeal Request warrants further review, the process moves to Step 4 – submission to the Student Academic Appeals Committee chairperson.

**Step 4.** Should further review be warranted, the Academic Dean and/or the Student has seven (7) calendar days to send a copy of his/her written decision/request, the Student Final Grade Appeal Request form, the evidence and any other supporting data, correspondence and/or records to the Student Academic Appeals Committee Chairperson. The Academic Dean and/or the Student’s written request for a hearing shall state the facts of the appeal.
The Student Academic Appeals Committee will prescreen each Appeals Request to determine if there is sufficient cause and/or new evidence presented in the appeal request to warrant further review. Should sufficient cause and/or new evidence warrant a hearing, the Student Academic Appeals Committee Chairperson shall notify the student, the faculty member (and/or supervisor), Division Chair, Academic Dean, and the Vice President of Academic Affairs of the time and location of the hearing.

This hearing shall be held within fourteen (14) days of the receipt of the Student Final Course Grade Appeal Request and supporting documentation. The Student Academic Appeals Committee shall function as a review board. After thorough review of the case, the committee shall prepare and submit a written recommendation regarding the Final Course Grade Appeal Request to the Vice President of Academic Affairs. The committee shall also provide all materials received for the case including, but not limited to, the Student Final Grade Appeal Request, all evidence and other supporting data, correspondence and/or records from both parties to the Vice President of Academic Affairs.

Possible outcomes of the Final Course Grade Appeal are:

The Final Course Grade remains as assigned by the course faculty member.

1) The Final Course Grade is administratively changed to a new grade which may be higher or lower than the initial grade assigned by the course faculty member.

2) If the student or Student Academic Appeals Committee Chairperson determines that the Final Course Grade Appeal Request warrants further review, the process moves to Step 5 – submission to the Associate Vice President of Academic Affairs.

Step 5. Upon receipt of the recommendation and materials from the Student Academic Appeals Committee, the Associate Vice President of Academic Affairs shall review all documents received from the Student Academic Appeals Committee and shall prepare his/her written final decision regarding the grade appeal within fourteen (14) calendar days. A copy of the written decision shall be provided to the student, course faculty member (and/or supervisor), Division Chair, and Academic Dean.

Possible outcomes of the Final Course Grade Appeal are:

1) The Final Course Grade remains as assigned by the course faculty member.

2) The Final Course Grade is administratively changed to a new grade which may be higher or lower than the initial grade assigned by the course faculty member. The decision of the Associate Vice President of Academic Affairs is final.

Institutional Policies

Children on campus
Children are restricted from attending classes or labs and the following areas: libraries, shops, computer labs, study skills, lectures, shop, individualized study, etc.). Students are not allowed to leave children
unattended while in class without providing adult supervision. Children who are visiting the campus outside of class time must be under adult supervision at all times.

**Computer Usage & Computer Labs**

Students, faculty, and staff of Georgia Piedmont Technical College have access to computing resources and are issued a user account to access some of these resources. The proper use of the computing resources is the responsibility of the individual who is allowed to use them.

User accounts must not be shared and passwords should be protected. The privilege of using the computing resources brings with it the responsibility of exercising high standards of honesty and considerate behavior. Students are expected to use the computing resources only for their academic work, to demonstrate consideration of others, and to obey all Georgia Piedmont Tech regulations and relevant laws.

The intent of this policy is to allow maximum freedom of use consistent with Georgia Piedmont Technical College policy, along with state and federal law, to help ensure a productive learning and working environment.

DeKalb Campus Computer Lab – Building A, Room 106 & 108
South DeKalb Campus Computer Lab – Commons area 108
Newton Computer Lab – Building B, Room 216

**Weapon Restricted Campus & Campus Carry**

The Governor of Georgia has signed a bill that will allow Georgia Weapons Carry License (WCL) holders to carry a concealed handgun on college campuses. However, there are exceptions to this new law. This link Campus Carry provides information about the law and exceptions to the law. Please read and understand the information provided. It is the responsibility of the WCL holder to comply with the law.

**Date of implementation:** July 1, 2017

Elements of the law (OCGA 16-11-127.1)

- Must be age 21 or over (unless an active member of the military)
- Applies to anyone on campus
- Applies only to handguns (revolvers and pistols)
- Must have valid GA Weapons Carry License (WCL)
- Authorized in any building or on real property (buildings or land) owned or leased by the college,

EXCEPT:

- College and Career Academies
- Classes w/ Move On When Ready (MOWR)/dual enrollment students (defined as the space or room being currently used for MOWR/dual enrollment instruction)
- Faculty, staff or administrative offices
- Rooms where disciplinary hearings are conducted
Must be concealed – carried in such a fashion it does not actively solicit the attention of others... is not openly and intentionally displayed, substantially covered by an article of clothing, or carried within a bag of nondescript nature.

Again, it is the responsibility of the weapons carry license holder to know the law and follow it at all times.

Frequently Asked Questions:

1. Where can weapons be secured when not being carried on campus by permit holder? Secured in the gun owner’s vehicle. We will not provide weapons storage facilities.

2. How will anyone know whether a class has MOWR or dual enrollment students in it? It is incumbent upon the licensed carrier to determine when these conditions exist and not violate the law. Students may ask their fellow classmates if anyone is a dual enrollment, MOWR, or high school student, however, fellow students are not required to identify themselves as dual enrollment, MOWR or high school student. Students who inquire about a class they are attending can ask their instructor, the front desk, their enrollment advisor, academic affairs, or the campus police office.

3. What is penalty for violation? See OGCA 16-11-127.1. If the violator has a valid carry license, on first offense, the penalty is a misdemeanor and a $25 fine. If the violator does not have a carry license the charge is a felony.

4. Can law enforcement ask to see weapon carry license at any time? Officers may not detain an individual for the sole purpose of asking if they have a carry license or requesting to view it.

5. Must the permit be on your person while carrying? Yes

6. Does it apply to any area where a student conduct hearing may occur or has occurred? It applies to any area where a student conduct hearing is occurring or will occur in the immediate future.

7. What happens when high school (or younger) students are in common areas? The prohibition only applies to areas in current use for instruction of students who are dual enrollment or MOWR. Common areas where these students may be present are not covered.

Student Records

Transcript requests
Requests for official transcripts are processed by a third party, Credentials Solutions. Current students may request their official transcript by going to www.gptc.edu and clicking on Transcript Request from the quick links.

The college will not release copies of student transcripts without consent from the student. The Registrar’s Office charges a processing fee of $5.00. Transcripts are processed only after all financial obligations to the college have been satisfied. ACCUPLACER scores do not appear on the transcript and require an additional request for ACCUPLACER scores. The Registrar’s Office is not responsible for delays caused by postal or courier services.

FERPA
The technical colleges shall adhere to the requirements of the Family Educational Rights and Privacy Act of 1974 and Technical College System of Georgia [TCSG] procedures concerning the accuracy and privacy of student records.

Procedures
Annually, the technical colleges shall inform their students about the Family Educational Rights and Privacy Act of 1974 (“FERPA”). FERPA was designed to protect the privacy of educational records and to establish the right of students to inspect and review their non-privileged educational records. FERPA also provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, concerning alleged failures by the institution to comply with the Act. The technical colleges shall also provide a mechanism whereby students may file informal complaints within the technical college. This policy applies to students who are or who have formerly been enrolled at a technical college.

Education Records include any records (in handwriting, print, tapes, film, computer, or other medium) maintained by the technical college or TCSG that are directly related to a student except:

1) A personal record kept by a faculty or staff member if it is kept in the sole possession of the maker of the record, is not accessible or revealed to any other person except a temporary substitute for the maker of the record, and is not used for purposes other than a memory or reference tool. Records that contain information taken directly from a student or that are used to make decisions about the student are not covered by this exception.

2) Records created and maintained by a technical college law enforcement unit for law enforcement purposes.

3) An employment record of an individual whose employment is not contingent on the fact that he or she is a student.
4) Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional if the records are used only for treatment of a student and made available only to those persons providing the treatment.

5) Alumni records that contain information about a student after he or she is no longer in attendance at the university and which do not relate to the person as a student.

**Student Access to Records**

Students have the right to review their official academic record, disciplinary record, and financial aid record with the following exceptions:

1) Any and all documents to which access has been waived by the student.

2) Any and all records which are excluded from the Family Educational Rights and Privacy Act’s definition of educational records.

3) Any and all financial data and income tax forms submitted in confidence by the student's parents in connection with an application for, or receipt of, financial aid.

4) Any and all records connected with an application to attend a Technical College if the applicant never enrolled.

5) Those records that contain information on more than one student. The requesting student has the right to view only those portions of the record that pertain to his or her own educational records.

All requests shall be directed to the Office of the Registrar at the student's technical college. Requests to review student records will be granted as soon as practicable, but in no event later than 45 days after the date of request. No documents or files may be altered or removed once a request has been filed. A student may receive a copy of certain records to which he or she has lawful access upon payment of any copying charge established by TCSG or the technical college except when a hold has been placed on his or her record pending the payment of debts owed the technical college, or when he or she requests a copy of a transcript, the original of which is held elsewhere.

**Hearings to Challenge Accuracy of Records**

If, upon inspection and review of his or her record, the student believes that the record is inaccurate, misleading or otherwise in violation of his or her privacy rights, he or she has the right to ask that the record be changed or insert a statement in the file. Such request shall be submitted in writing to the registrar’s office at the student’s technical college.

The Office of the Registrar shall process the student’s request and notify the student of the technical college’s decision in writing. Should the request for a change be denied, the student will be notified of the technical college’s decision and advised of the right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's privacy rights. The student has 30 days to appeal the decision to the president and ask for a hearing.

On behalf of the president of the technical college, a hearing officer shall conduct a hearing at which the student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or
more individuals, including an attorney. The hearing officer will consider only challenges to the accuracy of the records. Hence, whether or not a grade has been incorrectly recorded on a student's transcript may be considered but not whether the student should have been awarded a grade different from the one given.

The hearing officer shall prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision. The decision of the hearing officer shall be final, save for any review that may be granted by the president of the technical college.

If the technical college decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the student of the right to place in the education record a statement commenting on the challenged information and a statement setting forth reasons for disagreeing with the decision. Such a statement shall become a part of the information contained in the education record and will be disclosed with it. A student may make a specific waiver of access to evaluations solicited and/or received under condition of confidentiality.

Release of Information

TCSG and the technical colleges will disclose information from a student's education records only with the written consent of the student, except that the records may be disclosed without consent when the disclosure is:

1) To TCSG and technical college officials who have a legitimate educational interest in the records.

A TCSG or technical college official is:

- Performing a task related to the discipline of a student.
• Providing a service or benefit relating to the student or student’s family, such as health care, counseling, job placement, or financial aid.

• Maintaining the safety and security of the campus.

• The determination as to whether or not a legitimate educational interest exists will be made by the custodian of the records on a case by case basis. When the custodian has any question regarding the request, the custodian should withhold disclosure unless the custodian obtains consent from the student, or the concurrence of a supervisor or other appropriate official that the record may be released.

2) Subject to the requirements of 34 C.F.R. § 99.34, to officials of another school, school system or post-secondary institution, upon request, in which a student seeks or intends to enroll or where the student is already enrolled as long as the disclosure is for purposes related to the student’s enrollment or transfer.

3) Subject to the conditions set forth in 34 C.F.R. §99.35, authorized representatives of the Comptroller General of the United States, the Secretary of the U.S. Department of Education, the Attorney General of the United States, or state and local educational authorities.

4) Technical college or TCSG officials or lending institutions, in connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to:

• determine eligibility for the aid;

• determine the conditions for the aid; or
• enforce the terms and conditions of the aid.

5) State and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to the state statute adopted prior to November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and the system's ability to effectively serve the student whose records are released; or information that is allowed to be reported pursuant to a state statute adopted after 1974, which concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released. Nothing in this paragraph shall prevent the state from further limiting the number or type of state or local officials who will continue to have access thereunder.

6) Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating or administering predictive tests, administering student aid programs and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations, information will be destroyed within a certain time period when no longer needed for the purpose for which it is conducted and enter into a written agreement with the organization. The written agreement will specify the purpose, scope and duration of the study, the information to be disclosed, use personally identifiable information from education records only to meet the purposes of the study,
and requires the organization to prevent personal identification to anyone other than representatives of the organization with legitimate interests. There is no requirement that TCSG initiate or agree with the study.

7) Accrediting organizations in order to carry out their accrediting functions.

8) Parents of a dependent student, as defined in Section 152 of the Internal Revenue Code of 1986. The parent must provide a copy of their most recent federal income tax return establishing the student's dependency. Full rights under the act shall be given to either parent, unless the institution has been provided with evidence that there is a court order, state statute or legally binding document relating to such matters as divorce, separation or custody that specifically revokes those rights.

9) In connection with a health or safety emergency, appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or others.

10) To comply with a judicial order or lawfully issued subpoena, provided the technical college makes a reasonable effort to notify the student of the order or subpoena in advance of compliance. Notification may be prohibited if the technical college receives a federal grand jury subpoena, any other subpoena which states that the student should not be notified, or an ex parte order from the U.S. Attorney General concerning investigations or prosecutions under 18 U.S.C. § 2332b(g)(5)(B) or an act of domestic or international terrorism as defined in 18 U.S.C. § 2331. When no prior notification is given to the student, TCSG’s Director of Legal Services shall be consulted prior to release of the record.

13) Information the technical college has designated as “directory information,” unless a hold has been placed upon release of the information by the student. The following data is considered to be directory information and may be given to an inquirer, either in person, by mail or by telephone, and may be otherwise made public: full name of student, address(es), telephone number(s) email address(es), major and field(s) of study, degrees and awards including nature and date received, dates of attendance, school or division of enrollment, enrollments status, name of institution last attended, participation in official sports and activities, height and weight of athletic team members, and photographs.

Former students who do not want directory information disclosed should make such a request in writing to their technical college’s registrar.

14) To the court those records that are necessary for legal proceedings when TCSG or a student initiates legal action relevant to the student records.

15) The technical college may also disclose to any parent or legal guardian of a student under the age of 21 information about a violation of any federal state or local law, or any rule or policy of the technical college governing the use or possession of alcohol or a controlled substance if the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

16) To the student or the parent of a student who is not an eligible student.

17) In connection with a disciplinary proceeding if the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has violated TCSG or the technical college’s rules or policies. Admissions Procedures
Admission to a Technical College System of Georgia (TCSG) college is a multi-step process which consists of evaluation of prior academic experience and assessment for post-secondary readiness of eligible applicants. The ability of a student to succeed in a program at a technical college is greatly determined by the math and language skills possessed by that student. The Technical College System of Georgia is committed to assisting each student to achieve at their maximum potential. All students applying for diploma, degree, and certificate programs must be assessed prior to acceptance to a program of study at a technical college. Students will then be admitted in accordance with the academic standards applicable to that program.

Placement Testing
Student admission to a program requires official SAT, ACT, GED, MILESTONES, ACCUPLACER test scores be sent directly to the Admissions Office if taken within five years of the student’s application date. Only 11th grade MILESTONES test scores will be accepted for admission. Please note that students using the MILESTONES test will still need to take the math portion of the ACCUPLACER. Students who do not have appropriate scores may sit for the ACCUPLACER test in the Assessment Center during the posted hours of operation. Initial tests are provided free of charge with a current application and include reading comprehension, sentence skills, arithmetic and elementary algebra. Candidates must provide current picture identification (e.g., driver’s license, passport, student ID). The test is adaptive and un-timed. Candidates should allow approximately 3 hours for completing the test. Results are available at the time of testing, and an enrollment advisor reviews the recommendations with each applicant.

Applicants may retest on ACCUPLACER only one time following a mandatory 14-day period from the initial test date. The Assessment Center staff can provide a list of helpful websites for additional practice. The cost of the retest (reading comprehension, sentence skills, arithmetic, and elementary algebra) is $25 per section and is paid by the candidate prior to testing. The candidate only pays for the section retested. If cut scores on the retest are not adequate for program admission, the student must complete the recommended learning support courses.

Residency
Determining a student’s residency status must be based on the existence of surrounding objective circumstances that indicate a student’s intent to maintain a permanent presence, or Domicile, in the State of Georgia. No single factor is conclusive. Similarly, there is no predetermined number of factors required to be met. The following indicators may be considered when documenting the Domicile of an individual, but this is not an exhaustive list:

- Location of employment.
- Location of voter registration.
- Location of property, including home purchase, and taxes paid thereon.
- State for which the individual filed and paid state income taxes.
- Address and other information on federal and state income tax returns.
• State where the person’s automobile title is registered and the payment of property taxes thereon.
• Address on the driver’s license and state of issuance.
• Address on the Georgia Driver’s License Bureau ID.
• Reasons for initially coming to Georgia.

Citizenship Requirements.
A student meets the Citizenship Requirements, for the purposes of this procedure and the related policies, if he or she is a United States Citizen, born or naturalized.

A student meets the Citizenship Requirements, for the purposes of this procedure and the related policies if he or she is an Eligible Non-Citizen, according to the Federal Title IV definition:

Ineligible Non-Citizens: A Non-Citizen cannot qualify for in-state tuition. However, at the discretion of the President of the college the international tuition may be waived in favor of an out of state tuition rate for a Non-Citizen who has been verified as lawfully present in the United States in accordance with state and federal immigration laws.

Georgia Piedmont Technical College offers a comprehensive advising process designed to start students on the right path toward completion of their programs. Advising, Career and Retention Services (ACRS) is a team of professional academic and career advisors, and licensed counselors working together to guide and support each student in making a successful transition to college, and ultimately, the workplace.

What happens in an advising session?

The advisor-student relationship is important to student success because it involves information sharing, encouragement and support over the student’s entire educational experience at the college. All new students to GPTC are required to participate in mandatory advising with ACRS advisors who assist students in developing goals and plans for the first two or three semesters. Students are then strongly encouraged to meet with their program advisors, who instructors skilled and knowledgeable in their chosen field of study.
