

### RETENTION RATES

The respective Full-Time and Part-Time Student Fall Cohorts represent those students who, in the prior fall semester, attended GPTC as a first-time College student (i.e. had not previously been enrolled in any other college) during either that specific fall semester or during the summer semester immediately prior. The respective retention rate reflects the percentage the Full-time or Part-time cohort students from the previous year (less those who were legitimately excluded) who enrolled at the college as either full-time or part-time students in the current year.

Year	Full-Time Student Fall Cohort	Full-Time Student Retention Rate	Part-Time Student Fall Cohort	Part-Time Student Retention Rate
2018	204	59 %	474	33 %
2017	170	68 %	449	42 %
2016	133	59 %	272	50 %

### GRADUATION RATES, Disaggregated

The graduation rates presented here is calculated as the total number of completers from the First-time, Full-time Fall cohort who completed their program within 150% of the normal time for completion divided by the number in the revised cohort less any allowable exclusions.

Note: Due to cohort sizes of less than ten individuals, data for the following race/ethnicity groups have been suppressed: American Indian/Alaska Native, Asian, Native Hawaiian/Other Pacific Islander, Hispanic, Two or more races, Race/Ethnicity unknown, Nonresident Alien.

	2018	2017	2016
Graduation rate - Total Cohort	49%	40%	42%
Graduation rate - men	56%	41%	50%
Graduation rate - women	39%	38%	27%
Graduation rate - Black, non-Hispanic	46%	39%	42%
Graduation rate - White, non-Hispanic	50%	47%	42%

### JOB PLACEMENT RATES

The data below reflect the total unduplicated number of graduates in that academic year and their latest placement record for the fiscal year. The Overall Placement Rate is based on the unduplicated number of graduates and unduplicated employment status. The Placed in Field rate excludes from the calculation those students who did not enter employment in field or in a related field, students chose to continue their education, and students who were unavailable for employment.

	Overall Placement Rate	Total Placement In-Field Rate
2018	99.84%	92.17%
2017	99.86%	96.58%
2016	99.51%	87.76%
