Health Information Management Technology
Program Outcome Metric Sources and Parameters

The data as reported for the HIMT program metrics is generated from the College's student information system and compiled and published by the Technical College System of Georgia Data Center.

The reports are as follows:
- Graduation Rate TEC3111
- Retention Rate TEC0200
- Placement Rate (Employment) TEC0112

Calculation Details

Graduation Rate = Graduates / Graduates + Non-Graduate Leavers

* Non-Graduate Leaver: During the two-year period took 12 or more hours and did not graduate. The last term enrolled during the two-year period, student was not a special admit, not student type Transient, the primary major was in a program major (not DV00, IA00, SP00 or TR00), student had enrolled in at least one vocational course that was not subject 'SCT' and not 'COMP', and the student was not enrolled at that college both Spring Semester and Summer Semester of the second year.

Each student is reported as a Leaver exactly once, based on their home campus and major the last term enrolled during the two-year period. Each student is reported as a Graduate exactly once at the college level, once for each campus (so if a student received an award at more than once campus, he or she is counted once for each of those campuses), and once for each major (students are counted once for each award they received). So a sum of graduates by campus, or a count of graduates from the student details, will be more than the college's unduplicated total.

Retention Rate = Retained / Fall Beginning Cohort

Fall 202112 Cohort:
Enrolled Fall Term where a student meets this criteria:
a) *Regular admits only (no developmental, no provisional, no special admits)*
b) *All major code levels, including those ending in zero (includes TCCs, Diplomas, Degrees, and also those students not in an award program)*
c) *All student types except no high school (code H) and no transient (code A)*
d) *First-time at that college either Summer or Fall (exclusive of previous high-school enrollment)*
e) *Can be full time or part time*

Students from the Cohort are counted as Retained, in exactly one category using the following priority:
a) *Graduated from this same college (or the administratively merged college, if applicable) in any program for any term from 202112 to 202216.*
b) *Graduated from a different TCSG college in any program for any term from 202112 to 202216.*
c) *Graduated from a USG (University System of Georgia) college in any program for any term from 202112 to 202216.*
d) *Graduated from a NSC (National Student Clearinghouse) college in any program for any term from 202112 to 202216.*
e) *Enrolled at this same college (or the administratively merged college, if applicable) in any program at least one term during AY2022.*
f) *Enrolled at a different TCSG college in any program at least one term during AY2022.*
g) *Enrolled at a USG (University System of Georgia) college in any program at least one term during AY2022, based on a data match.*
h) *Enrolled at a NSC (National Student Clearinghouse) college in any program at least one term during AY2022, based on a data match.*

Employment Rate = Employed or Continuing Ed. / Awards + Not Employed

Total Placement Rate Formula:
- Numerator: Empld in Field + Military + Empld in Rel Field + Empld in Unrel Field +Empld in Field & Cont Ed + Empld in Rel Field & Cont Ed + Empld in Unrel Field & Cont Ed + Cont Educ
- Denominator: Numerator + Not Empld
