Georgia Piedmont Technical College History

GPTC History

Now celebrating its 59th year, Georgia Piedmont Technical College was first established in 1961 as DeKalb Area Vocational School. The college was initially organized in cooperation with the Vocational Division of the State Department of Education as a part of the total educational program operated by the DeKalb County Board of Education. DeKalb Technical College operated as a division and campus of Georgia Perimeter College from 1972 to

1986, and as the post-secondary unit of DeKalb County School System until June 30, 1996. On July 1, 1996, DeKalb Tech began operating as a unit of the Technical College System of Georgia. In 2000, DeKalb Technical Institute's name was officially changed to DeKalb Technical College. Established to serve a multi-county area east of Atlanta, the college is part of the Technical College System of Georgia. The college enrolled its first class of 18 students in Electronics Technology in 1961. At that time, the college was in temporary quarters while the DeKalb Campus facility was under construction. The facility on North Indian Creek Drive in Clarkston opened in October 1963 and consists of five buildings, totaling 275,000 square feet of floor space.

Preparation for more than 46 different occupations is provided by Georgia Piedmont Technical College's academic programs. They include career programs in Business and Computer Information Systems; Health, Education and Professional Services; Industrial Technologies; and Public Safety and Legal Services. Annual enrollment, including credit programs, dual enrollment, business and industry training, and adult education, exceeds 10,000 students.

The faculty members of Georgia Piedmont Technical College are well-qualified, both in experience and professional training in their specialty fields. Full-time faculty and staff, adjunct faculty, and part-time staff keep Georgia Piedmont Technical College operating year-round, offering diverse courses and program opportunities throughout the three semesters of the academic year.

Technical Education Warranty

In collaboration with the Technical College System of Georgia and other technical colleges in the state, Georgia Piedmont Technical College has established curriculum standards with direct involvement of business and industry. These standards serve as the industry-validated specifications which allow Georgia's 22 technical colleges to provide a Technical Education Warranty. The Technical Education Warranty states that:

If one of our graduates, educated under a standard program, or his/her employer finds that the graduate is deficient in one or more competencies as defined in the standards, the technical college will retrain the employee at no instructional cost to the employee or the employer.

The Technical Education Warranty applies to any Georgia Piedmont Technical College graduate who is employed in the field of his/her training and is in effect for a period of two years after graduation. Georgia Piedmont Technical College graduates or their employers who see a need to inquire or to file a claim under this Warranty should submit a written request citing the graduate's name, student identification number, program of study, and dates of attendance along with a description of the deficiency to the Office of the Vice President of Academic Affairs. The Office of the Vice President of Academic Affairs will review the claim and take appropriate action. This warranty is in effect for a period of two years after graduation.

Work Ethics

The Work Ethics Program encourages students to develop positive work habits conducive to the needs of the workforce. In efforts to develop a viable and effective workforce, leaders in business and industry have identified ten essential work ethics traits that are taught and practiced at Georgia Piedmont Technical College:

- Attendance
- Cooperation
- Character
- Communication
- Respect
- Productivity
- Appearance
- Organizational Teamwork
- Attitude
- Skills

As Georgia Piedmont Technical College students interact in the classroom or lab, faculty monitors and documents their behaviors using the Work Ethics Trait Behavior Documentation Form. A midterm report provides every student feedback about their work ethics performance. Students are issued a work ethics grade each semester for all courses attempted, and it holds equal importance for grades earned via technical skills.

STUDENT CODE OF CONDUCT

Academic Honesty Policy

Academic honesty is essential to the individual growth and development of students at Georgia Piedmont Technical College. Upon admission to the college, each student is obligated to uphold the highest ethical standard in academic endeavors. Georgia Piedmont Technical College has a responsibility for ensuring that the grades assigned are indicative of the knowledge and skill level of each student.

Acts of academic dishonesty hinder the college's ability to fulfill this responsibility. Faculty has the primary responsibility of ensuring that academic honesty is maintained in the courses they teach. Students share the responsibility for maintaining academic honesty by refraining from acts of academic dishonesty and notifying the faculty of observed or known incidents of academic dishonesty committed by others. Students who fail to report incidents of academic dishonesty are subject to being charged with violating this academic policy.

Academic honesty is defined as cheating, lying, tampering, falsifying, stealing, purchasing, giving, or receiving unauthorized assistance from any other person, or using any source of information that is not common knowledge without properly acknowledging the source. Academic dishonesty means performing, attempting to perform, or assisting any other person in performing academic work that does not meet this standard of academic honesty.

Academic dishonesty includes, but is not limited to, utilizing books, notes, cell phones -- text messages, calculators, and any other communication devices that contain information pertaining to the graded evaluation that are not approved by the faculty; talking, passing notes, or using any other hand/eye communication during a graded evaluation; copying from another student's paper; collaborating/partnering on a graded evaluation without faculty approval; illegally/unethically acquiring a copy of the graded evaluation/answer key.

First offense	Second Offense	Third Offense
<p>Students caught in academic dishonesty will receive a grade of "zero" for that particular assignment/assessment.</p> <p>(First offense violations may also result in one or more of the following consequences):</p> <ul style="list-style-type: none"> • Final course grade of "F" • Suspension for a period of one or more semesters • Expulsion 	<p>Students caught in academic dishonesty will receive a grade of "F" for the course in which he/she cheated.</p>	<p>Students caught in academic dishonesty will be subject to a formal hearing and dismissal from Georgia Piedmont Technical College for a period of not less than one year.</p> <p>Note:</p> <ul style="list-style-type: none"> • In the event of multiple parties'/students' involvement in an academic dishonesty incident, all students will receive the same penalty. • In the event of the incident occurring during a final exam, in the interest of time, the faculty will report the incident directly to the Dean of Student Affairs.

Procedures for Addressing Violations of Academic Dishonesty

1. Faculty meeting with the student

- a. Present the evidence of the violations of the academic honesty policy and inform the student that he/she will receive zero points for all or part of the assignment
- b. Have student sign a completed copy of Violation of Academic Honesty Policy notification form
- c. Provide copy of the signed notification form to student
- d. Inform student of right to rescind signed notification form by submitting a written statement to the Academic Dean within five business days of the meeting with the faculty
- e. Send copy of signed form to the School Dean
- f. School Dean sends a copy to the Vice President for Academic Affairs

If the matter is unresolved after following the above process, the Academic Dean will notify the student and an Appeals Committee will be appointed to hear the student's appeal.

2. Student Appeals Committee Hearing

- a. A meeting of the Academic Dishonesty Appeals Committee will be scheduled by the Academic Dean no less than five or more than fifteen days after the student reasonably should have received notification by certified mail.
- b. Since the Academic Dishonesty Appeals Committee Hearing is an in-house procedure and not a court of law, no legal counsel or any other person may be present except the student, the faculty, and the appointed members of the Committee. Exceptions to this can be granted by the Vice President of Academic Affairs and only for the following persons:
 - i. A student with a disability requiring some highly specialized, extraordinary assistance that could not be routinely provided by the Division Chair or another member of the committee.
 - ii. An international student whose English is not sufficiently fluent to provide adequate representation at the committee meeting.
- c. The Committee examines the evidence and discusses the case with the faculty and the student. The Committee may call other witnesses as it deems necessary.
- d. The Committee maintains informal minutes of all proceedings that shall be available to the Academic Dean and the Vice-President of Academic Affairs. The Committee arrives at a decision that is reported to the Academic Dean who then presents the findings and recommendations to the student and faculty member. If the student chooses to appeal the Committee's decision, the student must do so in writing to the Vice-President of Academic Affairs within five business days after receiving the committee's decision by the Academic Dean.

The Vice-President of Academic Affairs will review all information, render a decision and provide a response to the student within 5 business days after receipt of the student's appeal. The decision of the Vice President of Academic Affairs is final.

Student Code of Conduct

Students are charged with certain rights and responsibilities which legitimize their membership in the Georgia Piedmont Technical College community. All students are expected to understand and exercise their rights, fulfill their responsibilities, and respect the rights of others.

Knowledge of student rights and responsibilities can help students to avoid the sanctions prescribed for violations of conduct. More important, it can assist students in helping to maintain a climate in which their skills and abilities can be developed without denying the same opportunity to others.

Unfamiliarity with student rights and responsibilities does not excuse students from carrying out their charge as members of the Georgia Piedmont Technical College community.

Students have the right to have their academic and disciplinary records kept confidential subject to existing law. No official records are kept which reflect any alleged political activity or belief of students. No official records of students are available to unauthorized persons without the expressed written consent of the student involved except under legal compulsion.

INTERIM ADDENDUM TO STUDENT CODE OF CONDUCT

COVID-19

Georgia Piedmont Technical College intends to perform its educational mission while protecting the health and safety of its students, faculty and staff, and minimizing the potential spread of the novel coronavirus, COVID-19, within the community.

Risks of COVID-19

In order to understand the risks that you face by returning to campus, you must understand that COVID-19 is a highly infectious, life-threatening disease declared by the World Health Organization to be a global pandemic. There is no vaccine for COVID-19 at this time.

COVID19's highly contagious nature means that contact with others or contact with surfaces that have been exposed to the virus, may lead to infection. Additionally, individuals who may have been infected with COVID-19 may be asymptomatic for a period of time or may never exhibit symptoms at all.

Because of its highly contagious and sometimes "hidden" nature, it is very difficult to control the spread of COVID-19 on campus or to determine whether, where, or how a specific individual may have been exposed to the disease. Georgia Piedmont Technical College is taking steps recommended by public health authorities to minimize the risk of spreading this disease on our campus.

Georgia Piedmont Technical College cannot and does not guarantee a COVID-19-free environment, and there remains a risk that you may contract COVID-19 if you come onto campus to live and/or attend

classes. We are providing you with the following notice as well regarding the risk of contracting COVID-19 when you enter upon our campus:

Warning

Under Georgia law, there is no liability for an injury or death of an individual entering these premises if such injury or death results from the inherent risks of contracting COVID-19. You are assuming this risk by entering these premises.

In order to minimize the risks associated with COVID-19, the policies and guidelines below are incorporated into the Georgia Piedmont Technical College Student Code of Conduct and are applicable to all students.

Your compliance with these requirements is essential to assisting the college in minimizing the risks to you and other members of the community.

General Principles:

You are subject to all guidelines for individuals related to the COVID-19 pandemic established by the United States Centers for Disease Control and Prevention (CDC).

In addition, the State of Georgia has issued guidelines for personal behavior during the COVID-19 pandemic and you must comply with such guidelines at all times. You understand that both sets of these guidelines may change, and it is your responsibility to ensure that you understand and comply with these guidelines at all times.

From time to time the College may implement additional requirements restricting your behavior and you agree to comply with such requirements.

You understand that these conditions and limitations on your personal behavior are necessary in order to reduce the risk of transmitting and/or being infected by the COVID-19 virus and that your failure to comply with these responsibilities may jeopardize your health and safety, as well as the health and safety of others in the campus community, potentially causing severe illness and death.

Requirements:

Students will comply with governmental, state, and campus directives concerning maintaining required physical distancing (six feet) between themselves and other individuals on campus;

Students will use a face covering of their choosing that conforms to CDC

guidelines anytime that they are in an indoor space where the College deems that social distancing is not practical, including but not limited to academic spaces and dining areas (except while eating) unless given different instructions by authorized college personnel;

Students will engage in frequent hand-washing and follow proper sneeze and cough etiquette, as recommended by the CDC;

Students understand and agree that they may be subject to regular testing for the COVID-19 virus and contact tracing, if testing and contact tracing is available, and they agree to submit to this testing and tracing, and the confidential reporting of the results to the College, without objection;

If students develop any symptom of COVID-19 as described by the CDC, they will immediately:

Inform the College by notifying appropriate personnel;

If living on campus, stay in their dorm room until given further instructions by the College;

Remain off campus if not currently residing on campus;

If required by the College, agree to remain in self-quarantine for a time period determined by the College, in consultation with public health authorities, and/or move to a different room in order to receive medical care and/or self-quarantine.

The above conditions may change, and students agree to follow all college directives relating to COVID-19 and public health requirements.

Any failure to adhere to any of the above directives is a violation of the Code of Conduct that may result in sanctions, including but not limited to suspension or dismissal from the College.

Academic Misconduct

I. Policy

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of this academic community, students are encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for knowledge. Freedom to teach and freedom to learn are inseparable facets of academic conditions in the classroom, on campus, additional college sites, and in the community. Students are expected to exercise their freedom with responsibility. As members of the academic community, students are subject to the obligations which accrue to them by virtue of this membership. As members of the larger community of which the college is a part, students are entitled to all rights and protection accorded them by the laws of the community. Nothing in this Code of Conduct shall be interpreted to interfere with any person's right to free speech as provided by the First Amendment to the Constitution of the United States of America.

By the same token, students are also subject to all laws, the enforcement of which is the responsibility of duly constituted authorities. When students violate laws, they may incur penalties prescribed by legal authorities. In such instances, college discipline will be initiated if the presence of the student on campus is considered a possible threat to persons or property, or if that person's presence may disrupt the educational process of the college. However, when a student's violation of the law also adversely affects the college's recognized educational objectives, or violates the college's Student Code of

Conduct, the college will enforce its own regulations. When students violate college regulations, they are subject to disciplinary action by the college as to whether or not their conduct violates the law.

It is the policy of the Technical College System of Georgia (TCSG) to provide technical and adult education programs for the people of Georgia. TCSG's technical colleges must provide opportunities for intellectual, emotional, social, and physical growth.

Conduct Processes

The process to address alleged Student Code of Conduct violations has been established to provide the student with due process while ensuring the safety of the college community as a whole. This process is static and may change only when extreme unpredictable circumstances arise.

When a complaint is received, the Dean of Student Affairs or his/her designee will meet with the Respondent. The Respondent will be advised of the allegation(s), the student conduct process, and student's rights and responsibilities.

If during this meeting the Respondent accepts responsibility, then the student can choose between an informal resolution meeting with sanctions or mediation between the Complainant and Respondent. Please note: mediation will only happen if both parties agree. Mediation may never be used in cases of alleged sexual misconduct.

If during the meeting the Respondent does not accept responsibility, then the Dean of Student Affairs or a designee will initiate an investigation. The Student Conduct Investigator will interview all parties involved and determine whether the Respondent committed the alleged conduct and whether the alleged conduct constitutes a violation of the Student Code of Conduct. If the Student Conduct Investigator does not find any evidence of a potential violation of the Student Code of Conduct, the Student Conduct Investigator can recommend that the case be dismissed by the Dean of Student Affairs.

If the Student Conduct Investigator finds any evidence of a potential violation of the Student Code of Conduct, the investigator can recommend that the case moves forward to a Formal Hearing Process.

Please note: All meetings will be recorded for accuracy of information and will remain confidential. This is permitted in accordance with the [Georgia Recording Law](#).

Informal Resolution Meeting

The Respondent will be advised of the allegation(s), the student conduct process, and the student's rights and responsibilities. Every effort will be made to resolve the matter by mutual agreement. If the Dean of Student Affairs finds the Respondent responsible, s/he may impose sanctions. The Respondent will be notified of the sanction via his or her official college email address and/or certified mail. The Respondent will be granted (five) 5 Business Days to appeal the sanction to the Vice President of Student Affairs.

b. If there is no basis for the allegation or if it does not warrant disciplinary action, the Conduct Officer will dismiss the allegation.

c. If the Respondent accepts responsibility of the alleged violations, sanctions will be determined by the Dean of Student Affairs. However, depending on the severity of the alleged violation(s), sanctioning may be deferred to the Student Conduct Panel.

Interim Contact Restrictions. As a general rule, the status of a student accused of violations of the Student Code of Conduct should not be altered until a final determination is made regarding the all allegations against him/her. However, interim suspension may be imposed upon a finding by the Dean of Student Affairs that the continued presence of the accused student on campus constitutes a potential or immediate threat to the safety and wellbeing of the accused student or any other member of the College community or its guests, or that the continued presence of the student on campus creates a risk of substantial disruption of classroom or other College-related activities. When a student is charged by federal, state, or local authorities with a violation of law, the technical college will not request or agree to special consideration for that individual because of his/her status as a student. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Student Complaints Procedure

It is the policy of Georgia Piedmont Technical College, a unit of the Technical College System of Georgia, to maintain a grievance process available to all staff and students that provides an open and meaningful forum for grievances, the resolution of grievances, and is subject to clear guidelines. Student Appeals Procedure

Disciplinary Appeals Procedure

C. Hearing/Appeals Procedure

1. A student who wishes to appeal a disciplinary decision by the Vice President for Student Affairs or his/her designee regarding an assigned sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade must file a written notice of appeal through the technical college president's office for review by the Hearing Body within five business days of notification of the decision. The person filing the initial complaint against the student must be notified of the hearing date.
2. If the Vice President for Student Affairs or his/her designee recommended a sanction of disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the matter will be referred to the Hearing Body by the Vice President for Student Affairs. The student need not file a written notice of his or her desire to appear before the Hearing Body. The person filing the initial complaint shall also be given notification of the hearing.
3. The student will then have the right to appear in a hearing before a Hearing Body assigned by the technical college president or his/her designee within 10 business days to present evidence and/or testimony. If the student has been placed on an interim disciplinary

suspension, the hearing must be held as soon as possible, preferably within five days. The student has the right to be assisted by any single advisor he/she chooses, at his/her own expense. The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a Hearing Body.

4. The Hearing Body may consist of a single person or a group of people drawn from the technical college community. There shall be a single official record, such as a tape recording, of all hearings before the Hearing Body. The official record shall be the property of the technical college. The standard of proof in all hearings shall be a preponderance of the evidence. The chairperson of the Hearing Body shall notify the technical college president and the Vice President for Student Affairs in writing of the Hearing Body's decision. The technical college president or his/her designee will notify the student in writing of the Hearing Body's decision.
5. If the student appeared before the Hearing Body to appeal the Vice President for Student Affairs or his/her designee's sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade, the Hearing Body's decision regarding the appeal is final. A copy of the Hearing Body's written decision will be provided to both the student and the person who filed the original complaint.
6. If the student appeared before the Hearing Body after the Vice President for Student Affairs or his/her designee recommended disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the student shall have the opportunity to appeal directly to the technical college president.
7. If entitled to an appeal to the technical college president, the student shall have 5 business days after receiving written notification of the Hearing Body's decision to request in writing an appeal. The student shall ensure that all relevant information is included with this request. The person who filed the original complaint shall be notified of the student's appeal.
8. The president of the technical college or his/her designee's review shall be in writing and shall only consider evidence currently in the record, new facts not brought up in earlier stages of the appeal shall not be considered. The technical college president or his/her designee shall deliver the decision to the student and the person who filed the original complaint within 10 business days. The decision of the technical college president or his/her designee shall be final and binding.

Academic Appeals Procedures

1st & 2nd Academic Suspension

For the first and second suspension, students are eligible to reapply for admission after **one semester**. After the third and any subsequent suspension, students are eligible to reapply for admission after one calendar year. An appeal of academic suspension may be made and must be initiated as soon as possible but no later than the day before the first day of the new term. An appeal form may be found on the GPTC website or obtained from the Academic Affairs office.

Academic Suspension

An appeal of academic suspension may be made and must be initiated as soon as possible but no later than the first day preceding the subsequent semester. Should the student choose to appeal, the process is as follows:

- A. An Appeal of Academic Suspension Form should be obtained from the Office of the Vice President of Academic Affairs. (The form may also be accessed from the GPTC website.) The student must provide extensive explanation for the justification of the appeal. The completed form and a copy of the student's grade report should then be returned to the Office of Vice President of Academic Affairs at which time the appeal process officially begins.
- B. The Vice President of Academic Affairs will then notify the appropriate Admissions Appeal Committee chairperson concerning the student Academic Suspension Appeal.
- C. The appeal form, and a copy of the student's grade report are routed to the Chairperson of the Admissions Appeal Committee and a meeting of the Committee is held. In the event that the Committee believes that the information received is not sufficient to make a decision, it may request the presence of the student and/or school representative to further clarify the situation.

After review, the appeal is either "Denied" or "Approved" with recommendations or conditions as appropriate. The decision of the Committee is the final step in the appeal procedure. The decision of the Admissions Appeal Committee is final.

- D. The student will be notified of the decision by certified mail from the Office of Vice President of Academic Affairs. The student will also be notified of the decision via phone or email by the Vice President of Academic Affairs or designee.

Grade Appeals

Questions and concerns about grades are often the result of misunderstandings about grading practices and expected standards. Direct communication between the instructor and the student, including review of the course syllabus, usually resolves these misunderstandings. If a student receives a course grade which he/she believes is incorrect, the student should contact the instructor no later than the end of the first week of the following semester to discuss the concern. If conversation with the instructor does not resolve the matter, the student will follow the grade appeal procedure:

1. The student will contact the appropriate Academic Dean to file the "Grade Appeal Form" and to request a meeting to discuss the issue. The Academic Dean will conduct an investigation in an effort to resolve the appeal and will give the student an interpretation of the grade.
2. If no solution is found after meeting with the Academic Dean, the student may file an appeal with the Vice President of Academic Affairs before the mid-term of the semester following the semester in which the grade was received, or the student will lose his/her right to appeal.
3. Upon receiving the completed appeal form, the Vice President of Academic Affairs will review the appeal, notify the instructor that an appeal has been made, and activate the Grade Appeals Committee

to hear the student's appeal. Membership of this committee includes: • An Academic Dean, other than the one consulted in Step 2 • A faculty member from a department not involved in the appeal appointed by the Vice President • A faculty member selected by the student making the appeal • A faculty member selected by the instructor whose grade is being appealed

4. Since the hearing conducted by the Grade Appeals Committee is an in-house procedure and not a court of law, no legal counsel or any other person may be present except the student, the instructor, and appointed members of the committee. Exceptions to this would be granted by the Vice President only in the case of a disabled student requiring some highly specialized extraordinary assistance that could not be routinely provided by the chair or another member of the committee.

5. A meeting of the Grade Appeals Committee is scheduled by the Committee Chair within two weeks of receiving the appeal.

6. On the date of the hearing, the Grade Appeals Committee convenes at the appointed place with the aggrieved student and involved faculty member. The chair of the committee presides at the meeting. The committee examines the evidence, calls witnesses as necessary, and keeps informal minutes of the proceedings that shall be available to the Vice President and President.

7. The faculty member involved in the appeal presents his/her case to the committee (no longer than 15 minutes) and calls witnesses and/or presents documentation for the committee to read later. The aggrieved student is not present during this presentation. The committee may question the faculty member concerning his/her testimony. Following completion of the testimony, the faculty member is dismissed.

8. The student involved in the appeal presents his/her case to the committee (no longer than 15 minutes) and calls witnesses and/or presents documentation for the committee to read later. The faculty member involved in the appeal is not present during this presentation. The committee may question the student concerning his/her testimony. Following completion of the testimony, the student is dismissed.

9. Following the hearing of all testimony, the committee convenes to review and discuss the evidence and make a decision as to the disposition of the appeal. A formal vote will be taken by the chair to determine the outcome of the appeal. The chair notifies the Vice President of the committee's recommendation within two working days of the hearing.

10. The chair notifies the Vice President of the committee's recommendation within two working days of the hearing.

11. The Vice President will notify the student and faculty member in writing as to the disposition of the appeal within five working days of the hearing date.

12. Further appeal, if desired by either party, will be presented to the President.

13. The decision of the President is final.

○ **PURPOSE:**

It is the purpose of this procedure to ensure that all students within the Technical College System of Georgia (TCSG) and its colleges are provided access to a safe educational environment free from any discrimination on the basis of sex. To that end, this procedure prohibits sex discrimination of any kind, including sexual harassment and sexual misconduct ("prohibited conduct"). **Sexual misconduct** includes, but is not limited to, domestic violence, sexual violence, dating violence, sexual assault, sexual exploitation, and stalking.

All students and employees are expressly prohibited from engaging in any form of prohibited conduct in all interactions with each other, whether or not the interaction occurs during class or on or off campus. Visitors to campuses also shall not engage in prohibited conduct, and may be barred from campus.

Any student or employee who has engaged in prohibited conduct will be subject to disciplinary action up to and including expulsion or dismissal. Nothing in this procedure shall be interpreted to interfere with any person's right to free speech as provided by the First Amendment to the Constitution of the United States of America.

TCSG strongly encourages all students and requires employees to report any instances of sexual harassment or sexual misconduct promptly and accurately. TCSG will not tolerate retaliation for having filed a good faith complaint or for having provided any information in an investigation. Any individual who retaliates against a complainant or witness in an investigation will be subject to disciplinary action, up to and including expulsion or dismissal.

Employee complaints of unlawful harassment or discrimination shall be conducted pursuant to the process outlined in the procedure governing Unlawful Harassment, Discrimination, and Retaliation in Employment.

Incapacitation is not necessarily the same as legal intoxication.

Informal Resolution: a voluntary process that the Parties may consent to participate in, as described in Section IV.F.

Initial Report: a report of conduct that may constitute Title IX Prohibited Conduct, which may be made by any individual, even if not the person alleged to have experienced the conduct. it is more likely than not that the alleged fact or conduct occurred. It does not mean that a greater number of Witnesses or documents is offered on one side or the other, but that the quality or significance of the evidence offered in support of one side is more convincing than the evidence in opposition.

President: the chief executive officer responsible for the management and operation of the technical college where the complainant and/or accused violator are enrolled or employed.

Privacy: means that information related to a complaint will be shared with only a limited number of TCSG employees who “need to know” in order to assist in the assessment, Investigation, and resolution of the report. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant. Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Supportive Measures: non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to TCSG Programs or Activities without unreasonably burdening the other Party, including measures designed to protect the safety of all Parties or the TCSG educational environment, or deter sexual harassment. Supportive measures may include extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

V. ATTACHMENTS:

Attachment 6.1.1p.a1. Sources of Counseling, Advocacy and Support
Attachment 6.1.1p.a2. TCSG Usage for Statement of Equal Opportunity

VI. PROCEDURE:

A. Administration and Implementation

1. Each college president shall designate one or more officials to serve as the Title IX Coordinator and post contact information for the coordinator and the TCSG's Statement of Equal Opportunity in electronic or written college publications and academic materials as described in the TCSG Usage for Statement of Equal Opportunity (e.g. bulletin boards, the college website, catalogs, student and employee handbooks, orientation materials, and flyers). The college president will ensure the designated officials have received appropriate training.
2. Instructors/administrators must take ongoing proactive steps to ensure educational opportunities (to include classrooms, clinics, labs, programs, etc.) and student activities (clubs, sports, etc.) are accessible and free from any type of sex discrimination or harassment.
3. The Compliance Officer will coordinate training programs and monitor the colleges to ensure the correct administration and implementation of this procedure, and will ensure that proactive or corrective measures have been taken to prevent sex discrimination and sexual misconduct. The training materials will be posted on the college's website or made available for members of the public to inspect.
4. Colleges are required to provide sexual harassment and sexual violence prevention training to students and employees and to provide programs for ongoing awareness training as required by VAWA and the Clery Act. As of the effective date of this procedure, colleges have been provided the Haven training modules for this purpose and are required to incorporate the training in new student and employee orientation activities.
5. Each technical college shall publish a list of local sources for counseling, support and advocacy in conjunction with the publishing of this procedure. (See attachment for sample format) Individuals who report sexual violence, sexual assault, stalking or dating/domestic violence will be provided with and/or referred to the list of resources.

B. Reporting and Management Action

1. All students are encouraged to report incidents of sex discrimination and sexual misconduct against themselves or others to the Title IX Coordinator at the technical college. The Title IX regulations define "sexual harassment" to include three types of misconduct on the basis of sex which jeopardize the equal access to education that Title IX is designed to protect. These types of misconduct include: any instance of quid pro quo harassment by a TCSG and/or College employee; any conduct on the basis of sex that in the view of a reasonable person is so severe and pervasive and objectively offensive that it effectively denies a person equal access to a TCSG and/or College education program or activity; and any instance of sexual assault, dating violence, domestic violence, or stalking (collectively "Title IX Prohibited Conduct," as defined in this Procedure). Students may find contact information for the Title IX Coordinator on the technical college website, and in the student handbook and college catalog. Complaints may also be emailed to unlawfulharassment@tcsgeu.edu.

2. To utilize this procedure, a Complainant must file a Formal Complaint which is defined herein as a document filed and signed by a Complainant or filed and signed by the Title IX Coordinator alleging Title IX Prohibited Conduct against a Respondent and requesting that TCSG investigate the allegations.
3. Any allegation of sex discrimination, sexual misconduct or retaliation against employees must be reported to the Human Resources Director and the Title IX Coordinator.
4. All allegations of sex discrimination and sexual misconduct on one of TCSG's college campuses or clinical locations must be reported to the Title IX Coordinator regardless of whether the allegations involve students or employees. All students, faculty, staff, and others participating in TCSG and/or College programs and activities in the United States are subject to this Title IX Procedure. If the allegations do not fall within the jurisdiction under this procedure, they may be referred and processed under the student code of conduct procedure.
5. Students have the right to file (or not to file) a criminal complaint for sexual violence with the local law enforcement authorities before, during, or after filing a complaint with the college. The investigation under this procedure shall not be unreasonably delayed to await the outcome of any criminal investigation. Sexual violence reports made to the Title IX Coordinator will be investigated and adjudicated separately from any criminal complaints. A student may request that the Title IX Coordinator and/or the Investigator assist the student with notifying local law enforcement authorities. If a technical college's campus law enforcement receives a complaint alleging sexual harassment and/or sexual misconduct as defined in this procedure, the Title IX Coordinator for the college shall be immediately notified so that appropriate action may be taken by the Title IX Coordinator regarding the complaint.
6. If a student filing a complaint alleging sexual misconduct requests confidentiality, anonymity or asks that the complaint not be pursued, the college must inform the complainant that its ability to respond may be limited, that retaliation for filing a complaint is prohibited, and that steps to prevent harassment and retaliation will be taken. Consistent with the request, all reasonable steps to investigate and respond to the complaint should be made and other steps to limit the effects or recurrence of the alleged misconduct will be taken.
 - a. Regardless of a student's request for confidentiality, anonymity of a complaint, or a request that a complaint not be pursued, if the complaint includes allegations of sexual assault, sexual violence, domestic violence, dating violence, or stalking, the Title IX Coordinator must report the incident to campus law enforcement for inclusion in the college's Annual Security Report ("ASR"). The complainant should be informed that their name will not be disclosed to campus law enforcement if they have requested confidentiality during the processing of the complaint.
7. Colleges may weigh a request for confidentiality, anonymity or a request they not pursue a complaint considering the following factors: the seriousness of the alleged conduct, the complainant's age, and the respondent's right to receive information about the allegations if the information is maintained as an "education record" under FERPA. The

college must inform the complainant if the request cannot be granted and the reasons for the denial.

8. Reports concerning all prohibited conduct referenced in this procedure will be processed confidentially to the extent permitted by law; communications regarding complaints will be disseminated to others on a need-to-know basis to ensure that necessary steps are taken to protect the community as a whole and that appropriate corrective actions are considered and taken.
9. If an allegation of sex discrimination or sexual misconduct is made to an employee not designated to receive such reports, the employee receiving the complaint must report the allegation to the Title IX Coordinator. The College must take corrective actions to stop harassment to which it has notice, prevent recurrence of the harassment, and remedy the effects on the complainant promptly and effectively. The College will be deemed to have notice if a responsible employee knew, or in the exercise of reasonable care should have known, about the harassment. A responsible employee includes any employee who has the authority to take action to redress the harassment, who has a duty to report the harassment to the Title IX Coordinator, or who a student could reasonably believe has this authority or responsibility, including instructors and staff at the college.
10. Allegations of any sexual conduct involving individuals under the age of 18 must also be reported as an allegation of child abuse as outlined in O.C.G.A. § 19-7-5.
11. Supportive measures must be offered to the complainant by the college president or the Title IX Coordinator or his/her designee before the final outcome of an investigation and until final resolution of the allegations if failure to take the interim measures would constitute an immediate threat to the safety and well-being of the complainant, the respondent, or other members of the college, or to ensure equal access to the college's programs and activities. Supportive measures may include: adjustments to academic workload (including extending deadlines); adjustment to class or work schedules; no contact orders; and suspensions, transfers or reassignments in order to prevent further harassment, discrimination, sexual violence or retaliation, to facilitate the investigation, or to implement preventive or corrective actions under this procedure; informal resolutions or discretionary dismissals
12. Discretionary Dismissal.
 - a. TCSG and/or the College may dismiss the Formal Complaint if:
 - i. the Respondent is no longer enrolled or employed by TCSG and/or the College;
 - ii. specific circumstances prevent TCSG and/or the College from gathering sufficient evidence to reach a determination; or
 - iii. the Complainant informs the Title IX Coordinator in writing that the Complainant desires to withdraw the Formal Complaint or allegations therein.
 - b. A Complainant may notify the Title IX Coordinator at any time that the Complainant does not wish to proceed with the Investigation and/or Hearing process. If such a request is received, the Title IX Coordinator will inform the Complainant that the

TCSG and/or the College's ability to respond to the allegation may be limited if the allegations are withdrawn.

- c. The Title IX Coordinator will consider the relevant factors in reaching a determination as to whether to terminate the Investigation and/or Hearing process. In the event that the Title IX Coordinator determines that the Investigation will continue, the Title IX Coordinator will notify the Complainant of that determination. The Title IX Coordinator will include in that notification a statement that the Complainant is not required to participate in the Investigation and/or Hearing process but that the process will continue. In the event that the Title IX Coordinator determines that the Investigation will be terminated, both Parties will be notified.

C. Investigations

1. All complaints of prohibited conduct under this procedure will be reported immediately to the Investigator who will be responsible for conducting the investigation in a fair, prompt, and impartial manner.
2. The Investigator shall disclose to the TCSG Compliance Officer any relationship with the parties that could call into question his/her ability to be objective prior to taking any action with respect to the investigation. The TCSG Compliance Officer will reassign alternate individuals if necessary.
3. The Investigator shall send written notice to both parties of the allegations upon receipt of a formal complaint.
4. Either the complaining party or the respondent may challenge the Investigator or designee to recommend corrective action on the grounds of personal bias by submitting a written statement to the TCSG Compliance Officer setting forth the basis for the challenge no later than 3 business days after the party reasonably should have known of the alleged bias. The TCSG Compliance Officer will determine whether to sustain or deny the challenge.
5. The investigation should be completed within 45 business days of the receipt of the complaint by the Investigator. The investigator will notify the parties and the Title IX Coordinator, in writing (typically by email), if extraordinary circumstances exist requiring additional time.
6. The parties will be notified within 5 business days of receipt of the complaint by the Investigator if the complaint does not specify facts sufficient to allege sex discrimination, harassment, sexual violence or retaliation, or if the allegations of sexual misconduct did not occur in the college's education program or activity against the complaining party while he or she was located in the United States, and that a formal investigation will not be conducted pursuant to this procedure, although a referral and investigation may be made by the Title IX Coordinator as to some or all of the matter for consideration under other applicable TCSG policy or procedure, if any. The complaining party may appeal the decision in writing to the president within 5 business days of receiving the notice. The president's decision will be final.

7. Individuals designated to investigate or recommend corrective actions in response to allegations of sexual misconduct will be trained annually to conduct investigations in a manner that protects the safety of complainants, promotes fairness of the process and accountability.
8. Investigations will be conducted by gathering relevant information and interviewing appropriate witnesses.
 - a. It is important that all parties preserve any documents or other evidence which may pertain to the investigation.
 - b. Any medically related evidence is best preserved by trained medical personnel.
 - c. Students are encouraged to seek medical services both for treatment and preservation of any medical evidence.
9. Both the complaining party and the respondent (the parties) will be given equal opportunity to identify witnesses and offer evidence in person or in writing. Best efforts will be made to interview all witnesses identified by the parties. If a witness identified by either party is not interviewed during the investigation, an explanation for the decision not to interview the witness should be documented in the investigatory report. Both parties will be given timely notice of meetings at which one or the other or both parties may be present. Both the complaining party and the respondent may be accompanied by an advisor of his or her choice during any meetings involved in the investigatory process in which the advisee is also eligible to be present. However, the advisor may not speak on behalf of the party.
10. Any evidence collected during the investigation should be maintained in accordance with the record retention requirements below. Personally-identifiable information, including, but not limited to home address, telephone number, student ID or social security number should not be maintained in investigative records.
11. A report of investigation will be provided to the college's Title IX Coordinator within five (5) business days of completion of the investigation. The Title IX Coordinator will provide both parties simultaneously with a copy of the report and any supporting evidence. The parties shall be given ten (10) calendar days from receipt of the report to respond to the report and the supporting evidence, which must be considered by the Investigator before finalizing the report. Any information prohibited from disclosure by law or policy will be redacted from any documents prior to distribution. With regard to complaints of sexual misconduct, disclosures made to comply with the Violence Against Women Reauthorization Act ("VAWA") do not constitute a violation of FERPA.
12. If the Investigator determines that all or some of the allegations made in the complaint are substantiated and that the conduct at issue constitutes a violation of this or other applicable procedure, the Title IX Coordinator shall forward the report to the appropriate officials at the college for further action in accordance with the provisions below and the college's Student Code of Conduct and Disciplinary Procedure or the Positive Discipline Procedure for employees.

D. Hearings

1. Format of Hearing:
 - a. Hearings may be conducted with all Parties physically present in the same geographic location or, at the discretion of the Decision-Maker, any or all Parties, Witnesses, and other participants may appear at the live Hearing virtually, with technology enabling participants simultaneously to see and hear each other.
 - b. At the request of either Party, TCSG will provide for the Hearing to occur with the Parties located in separate rooms with technology enabling the decision-maker(s) and Parties to simultaneously see and hear the Party or the Witness answering questions.
2. Recording of Hearing:
 - a. Hearings will be transcribed or recorded through audio or audiovisual means, and TCSG and/or the College will make the transcript or recording available to the Parties for inspection and review upon request.
3. Role of Advisor:
 - a. If a Party does not have an Advisor present at the Hearing, TCSG and/or the College will provide, without fee or charge to that Party, an Advisor of TCSG and/or the College's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that Party.
4. Role of the Decision-Maker:
 - a. The Decision-Maker will:
 - i. be a professional appointed by the TCSG Commissioner who is experienced and trained in adjudicating matters of civil rights, sexual harassment and/or sexual violence and trained on this Title IX Procedure;
 - ii. preside over the Hearing and will issue the Written Determination Regarding Responsibility;
 - iii. be identified to the Parties before the Hearing at least three calendar days prior to the Hearing.
 - b. Conflict of Interest:
 - i. No person who has a conflict of interest may serve as the Decision-Maker.
 - ii. A conflict of interest exists if the Decision-Maker has prior involvement in or knowledge of the allegations at issue in the case, has a personal relationship with one of the Parties or Witnesses, or has some other source of bias.
 - iii. Either Party may assert, in writing, that a Decision-Maker has a conflict of interest.
 - iv. A request to recuse a Decision-Maker based on a conflict must be submitted to the Hearing Coordinator within 1 business day's receipt of the name of the Decision-Maker.
 - v. A determination will be made by the Commissioner or his designee whether a Decision-Maker has a conflict of interest, and if so that Decision-Maker will be replaced by an alternate.
 - c. At the Hearing, the Decision-Maker will:
 - i. Permit Cross-examination. At the Hearing, the Decision-Maker will permit each Party's Advisor to ask the other Party and any Witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the Hearing must be conducted directly, orally, and in real time by the Party's Advisor of choice and never by a Party personally. The Parties may, however, jointly agree in advance to waive oral cross-examination and

- instead submit written cross-examination to the Decision-Maker to conduct the examination. Even if the Parties so agree, the Parties are still required to have a Advisor present at the Hearing. The Decision-Maker has discretion to otherwise restrict the extent to which Advisor may participate in the proceedings.
- ii. Determine Relevance of Questions. Only relevant cross-examination and other questions may be asked of a Party or Witness. Before a Complainant, Respondent, or Witness answers a cross-examination or other question, the Decision-Maker must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.
 - iii. Provide Rape Shield Protections for Complainants. The Decision-Maker will prohibit any questions and evidence about the Complainant's sexual predisposition or prior sexual behavior as not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.
 - iv. Exclude Statements, as Relevant, in Reaching a Determination Regarding Responsibility. If a Party or Witness does not submit to cross-examination at the live Hearing, the Decision-Maker must not rely on any statement of that Party or Witness in reaching a determination regarding responsibility. The Decision-Maker cannot draw an inference about the determination regarding responsibility based solely on a Party's or Witness's absence from the live Hearing or refusal to answer cross-examination or other questions.
5. Hearing Process:
- a. The Investigator will be available to answer any questions from the Decision-Maker about the Investigation.
 - b. The Decision-Maker may meet with the Parties and Witnesses for the purpose of making findings of fact.
 - c. The Parties and Witnesses may not speak to matters beyond the scope of the Hearing File (for example, by raising potential misconduct allegations that go beyond the scope of the charged conduct).
 - d. Parties and Witnesses must not disclose or reference information to the Decision-Maker that was excluded from the Hearing File.
 - e. The Decision-Maker may ask questions of the Parties and/or Witnesses.
 - f. Parties are permitted to listen to Witnesses as they are speaking to the Decision-Maker. The Decision-Maker is not obligated to speak to all Witnesses.
 - g. Written Determination Regarding Responsibility:
 - i. The Decision-Maker shall issue a Written Determination Regarding Responsibility within 10 business days of the hearing, applying the Preponderance of the Evidence standard (as required by Georgia law), which shall include:
 - identification of the allegations potentially constituting Title IX Prohibited Conduct;
 - a description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the Parties, interviews with Parties and Witnesses, site visits, methods used to gather other evidence, and Hearings held;
 - findings of fact;

- conclusions about whether the alleged Title IX Prohibited Conduct occurred, applying the definitions set forth in this Title IX Procedure to the facts;
 - the rationale for the result as to each allegation;
 - any disciplinary Sanctions imposed on the Respondent;
 - whether Remedies or Supportive Measures will be provided to the Complainant; and
 - information about how to file an appeal.
- ii. Sanctions:
 - The Decision-Maker may ask the Parties to submit Sanctions statements at the conclusion of the Hearing.
 - The Decision-Maker may also consult with TCSG and/or College personnel, including the Human Resources Director or Vice President of Student Affairs, regarding any Sanctions and Remedies appropriate to the specific Respondent and Complainant under the circumstances of the case.
 - The Sanction determination will be provided to the Title IX Coordinator who will be responsible for implementing the Supportive Measures and/or Remedies, including the continuation of any Supportive Measures and/or any additional or on-going accommodations for both Parties.
 - iii. The Title IX Coordinator will cause the Written Determination Regarding Responsibility to be sent to the Parties.
 - iv. The Title IX Coordinator will provide copies of the Written Determination Regarding Responsibility and Sanctions and/or Remedies (if any) for the purpose of maintaining records as follows:
 - For students, to the Office of Student Affairs
 - For staff, to Human Resources

 - v. The Decision-Maker must explain decisions on responsibility and Sanctions (if applicable) and Remedies with enough specificity for the Parties to be able to file meaningful appeals.
 - vi. The consideration of whether Remedies and Sanctions go into immediate effect or are temporarily delayed pending appeal or some combination thereof, will be determined on a case-by-case basis by the Title IX Coordinator.
 - vii. The Written Determination Regarding Responsibility becomes final:
 - if an appeal is not filed, the date on which an appeal would no longer be considered timely; or
 - if an appeal is filed, on the date that TCSG and/or the College provides the Parties with the written determination of the result of the appeal.

E. Corrective Actions

1. Colleges will take all reasonable steps to prevent unlawful retaliation against complainants and any other individuals participating in investigations under this procedure.
2. If prohibited conduct is determined to have occurred following the investigation, steps shall be taken to prevent a recurrence and to correct the discriminatory effects on the complaining party and others as appropriate.

- a. Steps may include, but are not limited to mandating training or evaluation, disciplinary sanctions, policy implementation, issuing no-contact orders, or reassignment of students or employees.
 - b. Disciplinary sanctions for students are defined in TCSG Procedure governing Student Discipline and may include: reprimand, restriction, disciplinary probation, disciplinary suspension, and disciplinary expulsion.
 - c. Disciplinary sanctions for employees are defined in TCSG's Positive Discipline Procedure and may include: formal reminders, decision making leave, or dismissal.
3. The severity of sanctions or corrective actions may depend on the severity, frequency and/or nature of the offense, history of past discriminatory, harassing, or retaliatory conduct, the respondent's willingness to accept responsibility, previous college response to similar conduct, and the college's interests in performing its education mission.
 - a. Should recommended disciplinary sanctions involve academic suspension or expulsion, the matter must be referred to the Vice President for Student Affairs, as provided by the college's Student Code of Conduct and Disciplinary Procedure.
4. Even in the absence of sufficient evidence to substantiate a finding that sex discrimination, sexual misconduct or retaliation has occurred, colleges are expected to address any inappropriate conduct and take all reasonable steps to prevent any future sex discrimination, harassment, sexual violence or retaliation.
5. Individuals who are responsible for conducting investigations, under this procedure, may not also serve as reviewing officials or Decision-Makers in the appeal of sanctions arising from an investigation.

 - iii. The Appeal Officer will be the Commissioner of TCSG or his designee.
 - iv. Each Party may submit a written appeal of up to 6,000 words in length, which will be shared with the other Party.
 - v. The Parties must submit the appeal to the Commissioner within ten (10) calendar days from the receipt of the Written Determination Regarding Responsibility (if any).
 - b. Grounds for appeal are limited to the following:
 - i. Were there any procedural irregularities that substantially affected the outcome of the matter to the detriment of the appealing Party?
 - ii. Was there any substantive new evidence that was not available at the time of the decision or Hearing and that could not have been available based on reasonable and diligent inquiry that would substantially affect the outcome of the decision?

- iii. Did the Title IX Coordinator, Investigator(s), or Decision-Maker have a conflict of interest or bias for or against Complainants or Respondents that affected the outcome of the matter?
- iv. For matters that proceeded to Sanctioning and imposition of Remedies, are the Sanction and/or Remedies ones that could have been issued by reasonable persons given the findings of the case?

NOTE: In composing appeals, Parties should format their arguments following these four grounds as the organizational structure.

- c. Receipt of Appeal
 - i. Upon receipt of a Party's appeal, the Hearing Coordinator will share it with the other Party.
 - ii. Each Party may submit a response to the other Party's appeal (no more than 3,000 words).
 - iii. Each Party must submit this response to the Commissioner within 10 calendar days after the other Party's appeal has been shared.
 - iv. The appealing Party will have access to the other Party's response to the appeal, but no further responses will be permitted.
- d. Response to Appeal
 - i. The Title IX Coordinator is permitted, but not required, to file a response to a Party's appeal to respond to concerns relating to procedural irregularities or bias in the Investigation and Hearing process.

Drug-Free Schools Act

This policy has been developed in concert with the federal Drug Free Schools and Communities Act, which was enacted to ensure that any institution of higher education that receives funds under any federal program has adopted and implemented a program to prevent the use of illicit drugs and abuse of alcohol by students. It also incorporates the statutory mandates required under the state Drug-Free Postsecondary Education Act of 1990 (O.C.G.A. § 20-1-20 et seq.)

No student may engage in the unlawful manufacture, possession, use or distribution of illicit drugs and alcohol on the technical college's property or as part of any of its sponsored activities.

Such unlawful activity may be considered sufficient grounds for serious punitive action, including expulsion. Disciplinary sanctions for students convicted of a felony offense involving alcohol or the manufacture, distribution, sale, possession or use of marijuana, controlled substances or other illegal or dangerous drugs shall be immediate suspension and denial of further state and/or federal funds from the date of conviction. Specifically, in the case of a drug related offense the student shall minimally be suspended for the remainder of the quarter and forfeit all academic credit for that period.

The technical college shall notify the appropriate state/federal funding agency within 10 days after receiving notice of the conviction from the student or otherwise after receiving the actual notice of conviction.

Within 30 days of notification of conviction, the Technical College shall with respect to any student so convicted:

- 1) Take additional appropriate action against such student up to and including expulsion as it deems necessary.
- 2) Provide such student with a description of any drug or alcohol counseling treatment, or rehabilitation or re-entry programs that are available for such purposes by a federal, state or local health, law enforcement or other appropriate agency.

The technical college is responsible for ensuring the development and implementation of a drug free awareness program to inform students of the following:

- 1) The dangers of drug and alcohol abuse on the campus and elsewhere.
- 2) Any available drug and alcohol counseling, rehabilitation and assistance programs.
- 3) Any penalties to be imposed upon students for drug and alcohol abuse violations occurring on the campus.

Each technical college shall conduct a biennial review of its program to determine its effectiveness and implement changes to the program if they are needed and to ensure that the sanctions required by the program are consistently enforced. Each technical college shall maintain and make available to the U. S. Secretary of Education and to the public a copy of each item in the program as required by this policy and applicable law as well as results of the biennial review.

Weapon Restricted Campus & Campus Carry

The Governor of Georgia has signed a bill that will allow Georgia Weapons Carry License (WCL) holders to carry a concealed handgun on college campuses. However, there are exceptions to this new law. This link <http://www.portal.gptc.edu/campus-carry> provides information about the law and the exceptions to the law. Please read and understand the information provided. It is the responsibility of the WCL holder to comply with the law.

Date of implementation: July 1, 2017

Elements of the law (OCGA 16-11-127.1)

- 1) Must be age 21 or over (unless an active member of the military)
- 2) Applies to anyone on campus
- 3) Applies only to handguns (revolvers and pistols)
- 4) Must have valid GA Weapons Carry License (WCL)
- 5) Authorized in any building or on real property (buildings or land) owned or leased by the college,

EXCEPT:

- 1) College and Career Academies
- A. Classes w/ Dual Enrollment students (defined as the space or room being currently used for dual enrollment instruction)
- Faculty, staff or administrative offices
 - A. Rooms where disciplinary hearings are conducted
 1. Must be concealed – carried in such a fashion it does not actively solicit the attention of others... is not openly and intentionally displayed, substantially covered by an article of clothing, or carried within a bag of nondescript nature

Again, it is the responsibility of the weapons carry license holder to know the law and follow it at all times.

Frequently Asked Questions:

1. Where can weapons be secured when not being carried on campus by permit holder?
Secured in the gun owner's vehicle. We will not provide weapons storage facilities.
2. How will anyone know whether a class has dual enrollment students in it?
It is incumbent upon the licensed carrier to determine when these conditions exist and not violate the law. Students may ask their fellow classmates if anyone is a dual enrollment, or high school student, however, fellow students are not required to identify themselves as dual enrollment, or high school student. Students who inquire about a class they are attending can ask their instructor, the front desk, their enrollment advisor, academic affairs, or the campus police office.
3. What is penalty for violation? **See OGCA 16-11-127.1. If the violator has a valid carry license, on first offense, the penalty is a misdemeanor and a \$25 fine. If the violator does not have a carry license the charge is a felony.**
4. Can law enforcement ask to see weapon carry license at any time? **Officers may not detain an individual for the sole purpose of asking if they have a carry license or requesting to view it.**
5. Must the permit be on your person while carrying? **Yes**
6. Does it apply to any area where a student conduct hearing may occur or has occurred? **It applies to any area where a student conduct hearing is occurring or will occur in the immediate future.**
7. What happens when high school (or younger) students are in common areas? **The prohibition only applies to areas in current use for instruction of students who are dual enrollment. Common areas where these students may be present are not covered.**

Each technical college must develop procedures to inform employees, students, volunteers, visitors, vendors, and contractors of the following:

- 1) Implications of State law prohibiting firearms, weapons, and unlawful explosive compounds on college property, at off-site work locations, or at college sponsored/sanctioned functions.
- 2) Possible penalties associated with violations of this policy.
- 3) Reporting procedures to notify appropriate law enforcement agencies of a potential violation.

Visitors on campus

Generally, children under the age of sixteen (16) are not allowed in Georgia Piedmont Technical College facilities or on campus grounds. Under no circumstances are children allowed in classrooms or laboratories. Parents or guardians may be asked by administration to remove their child or children from the campus.

Student Records

FERPA

The technical colleges shall adhere to the requirements of the Family Educational Rights and Privacy Act of 1974 and Technical College System of Georgia [TCSG] procedures concerning the accuracy and privacy of student records.

Procedures

Annually, the technical colleges shall inform their students about the Family Educational Rights and Privacy Act of 1974 ("FERPA"). FERPA was designed to protect the privacy of educational records and to establish the right of students to inspect and review their non-privileged educational records. FERPA also provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, concerning alleged failures by the institution to comply with the Act. The technical colleges shall also provide a mechanism whereby students may file informal complaints within the technical college. This policy applies to students who are or who have formerly been enrolled at a technical college.

Education Records include any records (in handwriting, print, tapes, film, computer, or other medium) maintained by the technical college or TCSG that are directly related to a student except:

- 1) A personal record kept by a faculty or staff member if it is kept in the sole possession of the maker of the record, is not accessible or revealed to any other person except a temporary substitute for the maker of the record, and is not used for purposes other than a memory or reference tool. Records that contain information taken directly from a student or that are used to make decisions about the student are not covered by this exception.
- 2) Records created and maintained by a technical college law enforcement unit for law enforcement purposes.
- 3) An employment record of an individual whose employment is not contingent on the fact that he or she is a student.
- 4) Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional if the records are used only for treatment of a student and made available only to those persons providing the treatment.
- 5) Alumni records that contain information about a student after he or she is no longer in attendance at the college and which do not relate to the person as a student.

Student Access to Records

Students have the right to review their official academic record, disciplinary record, and financial aid record with the following exceptions:

- 1) Any and all documents to which access has been waived by the student.
- 2) Any and all records which are excluded from the Family Educational Rights and Privacy Act's definition of educational records.
- 3) Any and all financial data and income tax forms submitted in confidence by the student's parents in connection with an application for, or receipt of, financial aid.
- 4) Any and all records connected with an application to attend a Technical College if the applicant never enrolled.
- 5) Those records that contain information on more than one student. The requesting student has the right to view only those portions of the record that pertain to his or her own educational records.

All requests shall be directed to the Office of the Registrar at the student's technical college. Requests to review student records will be granted as soon as practicable, but in no event later than 45 days after the date of request. No documents or files may be altered or removed once a request has been filed. A student may receive a copy of certain records to which he or she has lawful access upon payment of any copying charge established by TCSG or the technical college except when a hold has been placed on his or her record pending the payment of debts owed the technical college, or when he or she requests a copy of a transcript, the original of which is held elsewhere.

Hearings to Challenge Accuracy of Records

If, upon inspection and review of his or her record, the student believes that the record is inaccurate, misleading or otherwise in violation of his or her privacy rights, he or she has the right to ask that the record be changed or insert a statement in the file. Such request shall be submitted in writing to the registrar's office at the student's technical college.

The Office of the Registrar shall process the student's request and notify the student of the technical college's decision in writing. Should the request for a change be denied, the student will be notified of the technical college's decision and advised of the right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's privacy rights. The student has 30 days to appeal the decision to the president and ask for a hearing.

On behalf of the president of the technical college, a hearing officer shall conduct a hearing at which the student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney. The hearing officer will consider only challenges to the accuracy of the records. Hence, whether or not a grade has been incorrectly recorded on a student's transcript may be considered but not whether the student should have been awarded a grade different from the one given.

The hearing officer shall prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision. The decision of the hearing officer shall be final.

If the technical college decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the student of the right to place in the education record a statement commenting on the challenged information and a statement setting forth reasons for disagreeing with the decision. Such a statement shall become a part of the information contained in the education record and will be disclosed with it. A student may make a specific waiver of access to evaluations solicited and/or received under condition of confidentiality.

Release of Information

TCSG and the technical colleges will disclose information from a student's education records only with the written consent of the student, except that the records may be disclosed without consent when the disclosure is:

1) To TCSG and technical college officials who have a legitimate educational interest in the records.

A TCSG or technical college official is:

- Performing a task related to the discipline of a student.
- Providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid.
- Maintaining the safety and security of the campus.
- The determination as to whether or not a legitimate educational interest exists will be made by the custodian of the records on a case by case basis. When the custodian has any question regarding the request, the custodian should withhold disclosure unless the custodian obtains consent from the student, or the concurrence of a supervisor or other appropriate official that the record may be released.

2) Subject to the requirements of 34 C.F.R. § 99.34, to officials of another school, school system or post-secondary institution, upon request, in which a student seeks or intends to enroll or where the student is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer.

- enforce the terms and conditions of the aid.

5) State and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to the state statute adopted prior to November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and the system's ability to effectively serve the student whose records are released; or information that is allowed to be reported pursuant to a state statute adopted after 1974, which concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released. Nothing in this

paragraph shall prevent the state from further limiting the number or type of state or local officials who will continue to have access thereunder.

6) Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating or administering predictive tests, administering student aid programs and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations, information will be destroyed within a certain time period when no longer needed for the purpose for which it is conducted and enter into a written agreement with the organization. The written agreement will specify the purpose, scope and duration of the study, the information to be disclosed, use personally identifiable information from education records only to meet the purposes of the study, and requires the organization to prevent personal identification to anyone other than representatives of the organization with legitimate interests. There is no requirement that TCSG initiate or agree with the study.

7) Accrediting organizations in order to carry out their accrediting functions.

8) Parents of a dependent student, as defined in Section 152 of the Internal Revenue Code of 1986. The parent must provide a copy of their most recent federal income tax return establishing the student's dependency. Notification may be prohibited if the technical college receives a federal grand jury subpoena, any other subpoena which states that the student should not be notified, or an *ex parte* order from the U.S. Attorney General concerning investigations or prosecutions under 18 U.S.C. § 2332b(g)(5)(B) or an act of domestic or international terrorism as defined in 18 U.S.C. § 2331. When no prior notification is given to the student, TCSG's Director of Legal Services shall be consulted prior to release of the record.

11) To an alleged victim of any crime of violence as that term is defined in Section 16 of Title 18, United States Code, or a non-forcible sex offense, the final results of any disciplinary proceeding conducted by an institution of postsecondary education against the alleged perpetrator of that crime or offense with respect to that crime or offense. 12) To Veterans Administration Officials pursuant to 38 U.S.C. § 3690 (c).

13) Information the technical college has designated as "directory information," unless a hold has been placed upon release of the information by the student. Even if a student elects to prohibit the release of

The following data is considered to be directory information and may be given to an inquirer, either in person, by mail or by telephone, and may be otherwise made public: full name of student, address(es), telephone number(s) email address(es), major and field(s) of study, degrees and awards including nature and date received, dates of attendance, school or division of enrollment, enrollments status, name of institution last attended, participation in official sports and activities, height and weight of athletic team members, and photographs.

The policy that such information will be made generally available will be communicated to presently enrolled students through the publication of these guidelines, so that an individual student currently enrolled may request that such directory information not be disclosed by filing notification at the registrar's office of his or her technical college. Former students who do not want directory information disclosed should make such a request in writing to their technical college's registrar.

14) To the court those records that are necessary for legal proceedings when TCSG or a student initiates legal action relevant to the student records.

15) The technical college may also disclose to any parent or legal guardian of a student under the age of 21 information about a violation of any federal state or local law, or any rule or policy of the technical college governing the use or possession of alcohol or a controlled substance if the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

16) To the student or the parent of a student who is not an eligible student.

17) In connection with a disciplinary proceeding if the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has violated TCSG or the technical college's rules or policies. Admissions Procedures

Admission to a Technical College System of Georgia (TCSG) college is a multi-step process that consists of evaluation of prior academic experience and assessment for post-secondary readiness of eligible applicants. The ability of a student to succeed in a program at a technical college is greatly determined by the math and language skills possessed by that student. The Technical College System of Georgia is committed to assisting each student to achieve at their maximum potential. All students applying for diploma, degree, and certificate programs must be assessed prior to acceptance to a program of study at a technical college. Students will then be admitted in accordance with the academic standards applicable to that program.

Applicants for admission to credit programs must have all required credentials (i.e., application, transcripts, test scores) on file in the Office of Admissions by the admission and records application/document deadline date for the semester in which they plan to enroll.

The 2020-2021 Admission Application / Document Deadline Dates are as follows:

Fall Semester 2020	July 10, 2020
Spring Semester 2021	Nov. 13, 2020
Summer Semester 2021	April 16, 2021

Applications received after these dates will be processed for the following semester.

Admission Status

Minimum admissions requirements shall be established for each program. Students shall be admitted to a Technical College in one of the following categories: Regular; Provisional; Learning Support; Special; or Transient.

1. Regular Status

Students who meet all requirements for admission into a selected program and are eligible to take all courses in the program curriculum are granted regular admission status.

2. Provisional Status

Students who do not meet all requirements for regular admission into a selected program are granted provisional admission status. Provisionally admitted students may take learning support classes, and certain specified occupational courses as long as class pre- and co- requisites are satisfied.

3. Special Admit Status (Non-credential seeking)

Applicants who wish to take credit coursework, but are not seeking a certificate, diploma, or associate degree are granted Special Admit status. The following specifics define the parameters of this status:

2. May apply up to a maximum of 17 semester credit hours into a specific program for credential seeking purposes after achieving regular admit status. The number of hours taken as a special admit student in no way waives the requirements of the regular admission process.
3. May enroll in classes only on a space-available basis.
4. Should adhere to the specific institutional prerequisite requirements when selecting courses.
5. Will not be eligible for any financial aid.

Note: F-1/M-1 Visa holders and financial aid recipients cannot be assigned to Special Admit status.

4. Transient Status

Students who submit a Transient Agreement Letter from their home institution are granted Transient admission status. The Transient Agreement Letter should verify that the student is in good standing and should list the courses the student is eligible to take. A current Transient Agreement Letter is required for each semester of enrollment.

A transient student is one who has been or is regularly enrolled at another institution, who expects to return to that institution, but who desires to enroll temporarily at Georgia Piedmont Technical College. Credit earned at Georgia Piedmont Technical College is not automatically forwarded to the second institution. An official transcript must be requested through the Office of the Registrar. Transient students desiring to continue enrollment as transfer students must reapply for admission and satisfactorily complete all transfer requirements. The applicant for transient status must:

- Submit a completed application to the Office of Admissions.
- Pay \$25 non-refundable application fee (check, money order or credit card). This is a one-time fee.
- Present a statement with the application from the proper official of the institution last attended giving the student permission to enroll at Georgia Piedmont Technical College. If permission is to be granted for two semesters it must be indicated in the letter of transiency. Otherwise, the transient status must be renewed after the first semester
- Submit with the application written permission from the parent institution stating the course(s) that fit the student's educational objectives that will be accepted by the parent institution.
- Present a letter from the parent institution certifying that the parent institution will retain responsibility for the issuance of the I-20 form during the transient semester(s) for International, F-1, and M-1 Visa students.

Students desiring to be transient students from Georgia Piedmont Technical College (home college) to colleges within the Technical College System of Georgia (TCSG) system (host college) must apply for transiency through Georgia Virtual Technical Connection (GVTC) - www.gvtc.org. Once the application is submitted, it is approved/denied by the Office of the Registrar. An e-mail notification is then sent to the student.

Students desiring to be a Transient student from Georgia Piedmont Technical College (home college) to a College outside the Technical College System of Georgia (TCSG) system must complete and submit a Transient Request Form. The Form is available at the Office of the Registrar.

Once the application is submitted, it is reviewed and approved/denied by the Office of the Registrar. The Transient Letter is mailed to the host college with a copy to the student.

Requirements to be a Transient Student

- Must be currently enrolled with Regular admission status.
- Must be in good standing
- Must have a 2.0 cumulative grade point average or better
- Must have no financial holds

- Meet all prerequisite/corequisite course requirements

For additional information, contact the Office of the Registrar.

Amendment due to COVID-19 pandemic

Adjustments have been made to GPTC's Admission Criteria following the Cancellation of SAT & ACT Testing and the COVID-19 pandemic.

Due to concerns regarding the availability of ACCUPLACER, SAT and ACT testing during the COVID-19 virus pandemic, high school g.p.a. has been added as an option to satisfy the placement testing admissions requirement for Summer and Fall 2020 semesters. Applicants who meet the minimum high g.p.a. requirements for their program of study will not be required to test in order to gain admittance to GPTC. We will focus on high school grade point averages (GPA) without the need for test scores. Once normal operations resume, testing will be available to students who need guidance on coursework that is appropriate for their skill level. (Admissions requirements for Spring Semester 2021 and beyond are to be determined.)

Also, GPTC has made adjustments to the requirement for official high school or high school equivalency (GED) transcripts for admission for those applicants who wish to begin this summer or fall 2020 semester. In the interim, students may submit unofficial transcripts or high school diploma until the college resume normal business operations. The students will then have the ability to submit official documents to the college without affecting their current enrollment.

Placement Testing

Student admission to a program requires official SAT, ACT, GED, MILESTONES, ACCUPLACER test scores be sent directly to the Admissions Office. Only 11th grade MILESTONES test scores will be accepted for admission. Please note that students using the MILESTONES test will still need to take the math portion of the ACCUPLACER. Students who do not have appropriate scores may sit for the ACCUPLACER test in the Assessment Center during the posted hours of operation. Initial tests are provided free of charge with a current application and include reading comprehension, sentence skills, arithmetic and elementary algebra. Candidates must provide current picture identification (e.g., driver's license, passport, student ID). The test is adaptive and un-timed. Candidates should allow approximately 3 hours for completing the test. Results are available at the time of testing, and an enrollment advisor reviews the recommendations with each applicant.

Applicants may retest on ACCUPLACER only one time following a mandatory 14-day period from the initial test date. The Assessment Center staff can provide a list of helpful websites for additional practice. The cost of the retest (reading comprehension, sentence skills, arithmetic, and elementary

algebra) is \$25 per section and is paid by the candidate prior to testing. The candidate only pays for the section retested. If cut scores on the retest are not adequate for program admission, the student must complete the recommended learning support courses.

Residency

Determining a student's residency status must be based on the existence of surrounding objective circumstances that indicate a student's intent to maintain a permanent presence, or Domicile, in the State of Georgia. No single factor is conclusive. Similarly, there is no predetermined number of factors required to be met. The following indicators may be considered when documenting the Domicile of an individual, but this is not an exhaustive list:

- Location of employment.
- Location of voter registration.
- Location of property, including home purchase, and taxes paid thereon.
- State for which the individual filed and paid state income taxes.
- Address and other information on federal and state income tax returns.
- State where the person's automobile title is registered and the payment of property taxes thereon.
- Address on the driver's license and state of issuance.
- Address on the Georgia Driver's License Bureau ID.
- Reasons for initially coming to Georgia.

Citizenship Requirements.

A student meets the Citizenship Requirements, for the purposes of this procedure and the related policies, if he or she is a United States Citizen, born or naturalized.

A student meets the Citizenship Requirements, for the purposes of this procedure and the related policies if he or she is an Eligible Non- Citizen, according to the Federal Title IV definition:

Eligible Non -Citizen: a person who, in accordance with the Federal Title IV definition, is a United States permanent resident with a Permanent Resident Card (I-551); or a conditional permanent resident (I-555C); or the holder of an Arrival-Departure Record (I-94) from the Department of Homeland Security showing any one of the following designations: Refugee, Asylum Granted, Parolee (I-94 confirms paroled for a minimum of one year and status has not expired): "Victim of human trafficking," T-Visa holder (T-1, T-2, T-3, etc.), or Cuban-Haitian Entrant. Persons with an F1 or F2 student visa, or J1 or J2 exchange visitor visa, or a G series visa do not meet the definition of an Eligible Non-Citizen.

Ineligible Non-Citizens: A Non-Citizen cannot qualify for in-state tuition. However, at the discretion of the President of the college the international tuition may be waived in favor of an out of state tuition rate for a Non-Citizen who has been verified as lawfully present in the United States in accordance with state and federal immigration laws.

Student E-mail

One Stop Advising

Registration

Georgia Piedmont Technical College offers a comprehensive advising process designed to start students on the right path toward completion of their programs. Advising, Career and Retention Services (ACRS)

is a team of professional academic and career advisors, and licensed counselors working together to guide and support each student in making a successful transition to college, and ultimately, the workplace.

What happens in an advising session?

Advising is a formal conversation between a student and a One Stop advisor or an instructor related to a program of study. Advisors and student forms a partnership that requires participation and involvement of both. The advisor- student relationship is important to student success because it involves information sharing, encouragement and support over the student's entire educational experience at the college. All new students to GPTC are required to participate in mandatory advising with One Stop advisors who assist students in developing goals and plans for the first two or three semesters. Students are then strongly encouraged to meet with their program advisors, who instructors skilled and knowledgeable in their chosen field of study.

Financial Aid

Financial assistance is available in the form of federal and state grants, work-study and scholarships to help students with their educational expenses. To determine eligibility for assistance students must complete the FAFSA (Free Application for Federal Student Aid) on-line at www.fafsa.gov. The FAFSA must be completed each year that the student is seeking assistance. Students must include the Federal School Code of **016582** on the application to ensure that Georgia Piedmont Technical College receives their information for processing. The types of aid and the requirements for maintaining financial aid eligibility are highlighted below.

Grants and Scholarships

Federal Pell Grant Program

The Pell grant is awarded to students in Diploma and Associate Degree programs, as well as the Basic Law Enforcement Certificate program, who have been determined to be eligible as a result of completing the FAFSA. The amount that is awarded is determined by the FAFSA results. The eligible amount each semester is also determined by the number of hours the student is enrolled. Federal regulations prohibit schools from paying federal aid for more than 30 attempted hours of learning support courses. Students who have already earned a Bachelor's degree (either in the U.S. or the equivalent of a Bachelor's degree from any country) are not eligible for the Pell grant.

Students who are Pell eligible may have some portion of the Pell grant available in the bookstore to purchase books. This amount will only be available if the student has a credit balance once all tuition and fees have been paid.

The maximum Federal Pell Grant a student can receive for 2020-2021 is \$6,345, provided the student has a zero "0" EFC, is attending full-time and meets all other eligibility requirements. The Pell Grant award is disbursed over two terms.

Beginning with the 2017-2018 academic year, an eligible student may now receive full Federal Pell Grant for summer 2018 even if they received a full Federal Pell Grant during the fall and spring semesters. Year-round Pell allows students to receive up to 150 percent of a regular grant award over the course of the academic year so that they can continue taking classes in the summer and finish their degrees faster than they would otherwise.). To be eligible for additional Pell Grant funds a student must be:

- eligible to receive the Pell grant.
- enrolled at least half-time (6 credit hours) during the summer term
- maintaining satisfactory academic progress

Note: The provisions of the new law states that any Pell Grant received will be included in determining the student's Pell Grant duration of eligibility and Lifetime Eligibility Used (LEU).

Federal SEOG (Supplemental Educational Opportunity Grant)

The Federal SEOG grant is awarded to Pell grant recipients with the greatest financial need as determined by the results of the FAFSA. SEOG is disbursed Fall, Spring and Summer semesters, based on your enrollment. The maximum award a student can receive each award year is \$4,000.

Federal Work-Study Program

Students interested in the work-study program must complete a FAFSA. Students who indicate on the FAFSA form that they are interested in the Work Study program, will automatically be awarded funds to participate. Student will need to accept the Federal Work Study award prior to accepting a work assignment. Students who did not indicate on the FAFSA they were interested in Federal Work Study can contact the Financial Aid Office to determine their eligibility.

Eligible students may apply for positions on-line through the GPTC website at http://www.gptc.edu/content.cfm?PageCode=prospective_employees. Eligible students will work in various offices and departments of Georgia Piedmont Technical College and other off-campus positions available through the Advising, Career and Retention Services.

HOPE (Helping Outstanding Pupils Educationally) Programs

The HOPE Program began in 1993 and is entirely funded by the Georgia Lottery. The HOPE Grant program provides assistance to Georgia residents pursuing certificates and diplomas and the HOPE Scholarship provides assistance for students in degree programs of study. The Georgia Student Finance Commission (GSFC) is the state agency that administers the HOPE scholarship and grant programs. Below are some of the highlights of the grant and scholarship programs. For detailed information please visit their website at www.gsfc.org. Students are able to track their eligibility and usage of HOPE funds by logging into MyGAFutures at www.gafutures.org.

HOPE Grant

- The HOPE grant is available to Georgia residents in certificate or diploma programs of study who are U.S. citizens or eligible non-citizens and who also meet residency requirements. If a student was a resident of Georgia at the time of his or her high school graduation, home study program completion or successful GED test, that student must also meet the residency requirement for twelve (12) consecutive months immediately prior to the first day of classes of the school term for which the HOPE grant is sought. Students who do not meet these requirements must meet the Georgia residency requirement for twenty four (24) consecutive months immediately prior to the term for which the HOPE grant is sought.
- The HOPE program currently pays \$76.00 per semester hour toward the cost of tuition only, at Georgia Piedmont Technical College. The current rate of tuition is \$89 per semester hour. Below is an example to illustrate.

Example:

A student enrolls in 10 semester hours in a diploma program of study and is eligible for the HOPE grant based on residency requirements. The HOPE grant will pay \$650.00. The student is responsible for paying the difference between the actual charges and the amount paid by the HOPE program.

$\$100 \times 10 \text{ semester hours} = \890.00 (tuition charged by GPTC).

$\$76 \times 10 = \760 (this is the amount that will be paid by HOPE).

$\$1000 - \$760 = \$240$. (The student is responsible for the \$160 + \$359 in fees, for a total of \$519).

If the student is receiving other types of financial aid assistance (for example, the Pell grant), in excess of the \$160 and fees, then the student should not have a balance.

- Students must have a 2.0 GPA at two checkpoints (30/60 semester hours) to remain eligible. Students who do not have a 2.0 GPA at the 30 hour checkpoint will lose the grant but may regain it at the 60 hour checkpoint if the student then has a 2.0 GPA
- There is a solid cap of 63 paid semester hours. The term that a student reaches the Paid-Hours limit of 63 semester hours, the grant will only pay for hours up to the limit. (Example: The student has 60 semester hours that have been paid by HOPE at the end of Fall semester. The student registers for 6 hours for Spring semester. The HOPE grant will only pay for 3 credit hours. The student is responsible for paying for the other 3 credit hours).

ZELL Miller Grant

Georgia's Zell Miller Grant is available to Georgia residents who are working towards a certificate or diploma. Full-time enrollment is not required and students are not required to graduate from high school with a specific GPA. At the end of each term a minimum 3.5 cumulative postsecondary GPA is required in order to maintain eligibility. The first term of enrollment will be paid retroactively if the student has the required 3.5 cumulative postsecondary GPA at the end of the term. This award covers full tuition. For example, a student enrolled in 15 hours has a tuition charge of \$1500.00 because tuition is currently \$100.00 per credit hour. The fees are an additional charge of \$359.00. The Zell Miller grant will pay for full tuition of \$1500.00. The student is responsible for paying for fees and other charges, which may be covered based on additional awarded aid.

Public Safety Memorial Grant

The Georgia Public Safety Memorial (GPSM) Grant provides grant funds to the dependent children of Georgia Public Safety Officers who were permanently disabled or killed in the line of duty. Funds may be used towards the cost of attendance at eligible colleges, universities or technical colleges in Georgia.

Recipients receive an award that covers their total cost of attendance, minus any other student financial aid, at an eligible postsecondary institution in Georgia, not to exceed \$18,000 per award year.

HOPE Scholarship

The HOPE Scholarship is available to Georgia residents who graduate from high school as a HOPE Scholar with a 3.0 or better GPA and meet all other requirements (citizenship, residency, etc.). Georgia Student Finance Commission (GSFC) determines students who are HOPE Scholars upon graduation from high school. If a student is not a designated HOPE Scholar upon graduation from high school a student could become eligible by completing at least 30 semester hours of degree level courses at a college or university. A 3.0 GPA is required at the 30, 60 or 90 hour checkpoint to become eligible. The student will need to complete the HOPE Scholarship application, which is available in the Financial Aid Office, and the student must ensure that all transcripts from previously attended colleges or universities have been submitted to the Office of the Registrar. The student must be enrolled in a degree program of study to receive the scholarship. The HOPE Scholarship is not awarded to students who have already earned a Bachelor's degree (either in the U.S. or from any other country). Students must maintain a 3.0 GPA at the 30th, 60th, and 90th hour checkpoint and at the end of every Spring semester to remain eligible.

Students who received the HOPE Scholarship prior to Summer term 2011, and meets all other eligibility requirements for HOPE Scholarship, may receive the HOPE Scholarship until June 30 following the completion of the seventh full year after the first of one of the following events has occurred:

- The first of the high school graduation date; or
- The graduation date of the student's high school class if the student withdrew from high school prior to his or her graduation date; or
- The Home Study completion date; or
- The successful GED test date.
- The scholarship will pay for 127 semester hours. These 127 hours include any HOPE grant paid hours. The term that the student meets the cap, the scholarship will only pay for hours up to the cap. (Example: The student has 124 semester hours at the end of Fall semester. The student registers for 6 hours for Spring semester. The HOPE Scholarship will only pay for 3 credit hours for Spring semester).
- The tuition amount paid for the HOPE Scholarship will be paid the same as indicated above for the HOPE grant.

Zell Miller Scholarship

The Zell Miller Scholarship Program was created in the 2011-2012 award year and the first awards became available in the Fall term of 2011. The Georgia Student Finance Commission (GSFC) will identify students who are eligible for this scholarship. The academic requirements for this scholarship that must be met are (1) graduate from an eligible high school as the Valedictorian or Salutatorian; or (2) graduate from an eligible high school with a minimum 3.70 cumulative Grade Point Average on a 4.0 scale and

receive a minimum score of 1200 combined critical reading and math on a single administration of the SAT or receive a composite scale score of 26 on a single administration of the ACT.

William D. Ford Federal Direct Student Loans

Beginning with the Fall 2018 semester, Georgia Piedmont Technical College (GPTC) will no longer participate in the Federal Direct Loan Program.

Federal Direct student loan borrowers prior to Fall 2018 have a legal obligation to repay their loans to the Department of Education. If you drop below half-time enrollment, leave school, or graduate, The U.S. Department of Education also requires you to complete Exit Loan Counseling.

To complete exit counseling:

- You must have a verified FSA ID (Username & Password) instead of a PIN to log in to StudentLoans.gov.
- Select Complete Exit Counseling and allow 20 to 30 minutes to learn about your repayment responsibilities and options.
- After you complete the session, print the Confirmation Page and keep one for your records.

Repayment

Repayment begins six months after you graduate or drop below half-time enrollment (six credit hours). If you receive a loan and Withdraw, Graduate, or Drop below six hours you must contact Student Financial Services so we can counsel you regarding your loan status. Please keep in mind that if you withdraw you may owe part of your loan funds back immediately.

Under certain circumstances you can receive a deferment or forbearance. This will allow you to temporarily postpone making loan repayments. You can find out more about deferments and forbearances through the U.S. Department of Education's website.

Students are able to track the amount they owe, their student loan servicers, and interest rates by logging in the National Student Loan Database System (NSLDS) at www.nslds.ed.gov. You will login with the same Username and Password that was used to complete the Free Application for Student Aid (FAFSA) application.

Maintain Your Financial Aid Eligibility

Satisfactory Academic Progress (SAP)

Federal and state regulations require schools participating in state and federal financial aid programs to have a Satisfactory Academic Progress (SAP) policy that measures how students are performing academically in their program of study to remain eligible for financial aid assistance.

There are three components of the SAP policy that all students must meet in order to maintain eligibility. It is the student's responsibility to be aware of the SAP standards and how they affect their eligibility for aid. These standards are qualitative, quantitative and the maximum time frame. Students will be evaluated at the end of each semester for compliance with the SAP policy.

Qualitative Standard (GPA) - In order to maintain eligibility for federal financial aid a student must maintain a cumulative GPA of 2.0. The cumulative GPA includes grades of A, B, C, D, F, WP and WF. Please note that the state requirement for the HOPE Grant is 3.0 as previously noted, at the designated checkpoints.

Quantitative Standard (Completion Ratio) - Students must complete and pass 67% of all courses attempted. To determine the 67% completion ratio divide the cumulative number of hours completed by the number of hours attempted. Courses receiving grades of IP, W, WP, WF, F, and I are not completed hours but count as attempted hours.

Maximum Time Frame - A student may attempt no more than 150% of the number of hours required for their program of study. (Example: A student is enrolled in a program in the catalog that requires 80 hours to complete the program. A student may receive financial aid assistance for no more than 120 hours ($80 \times 150\% = 120$)).

Failure to Meet Satisfactory Academic Progress Requirements

Students who do not maintain a cumulative 2.0 GPA and complete 67% of their attempted hours, or those who exceed the maximum time frame for completion of the program of study will be placed on SAP Warning. The warning period will allow the student to continue receiving aid for one semester only. If the GPA and completion rate are raised at the end of that semester and the student is still within the maximum time frame, then the student will be considered in good standing and continue to receive aid. If the student is not making SAP at the end of the warning period the aid will be suspended.

Appeals

Students on suspension may appeal to the SAP Appeals Committee. The appeal must be documented in writing by submitting a Satisfactory Academic Progress Appeal/Academic Plan. The appeal committee will only approve appeals if extenuating circumstances beyond the student's control are clearly

documented. The strategy/strategies that the student will take to ensure success must be indicated on the appeal form and becomes a part of the student's Academic Plan for success in completing the program of study. If the appeal is approved the student is placed on Probation Status. The decision of the Appeals Committee is final and students will be notified by GPTC e-mail of the decision.

Students on Probation Status will be reviewed at the end of each semester to determine if they are meeting the SAP standards. Students who do not meet the conditions of their academic plan will have their financial aid suspended.

Information on the Satisfactory Academic Policy (SAP) and the appeal form can be found on our website at: https://cm.maxient.com/reportingform.php?GeorgiaPiedmontTC&layout_id=3

Course Withdraws and Failing Grades

Students who withdraw from one or more courses, and those who receive Ws, WPs, WFs or 'F' grades for the term, may be required to repay some portion of the student aid funds they received during the term. It is important for students to be aware of their financial responsibilities when withdrawing from and/or failing classes.

Federal financial aid regulations have created a Return of Title IV Funds Policy. This policy states that students who withdraw or cease attendance; and those who fail or have a combination of all failing grades during a term will be reviewed to determine if their financial aid awards should be reduced.

Upon withdrawal, the Financial Aid Office will calculate, from the number of days in the term that the student was enrolled prior to withdrawal, the percentage of the term that the student completed. This percentage will be applied to the amount of aid received for the term with the student being able to retain only the amount of aid for the percentage of the term actually completed. The unearned portion of the financial aid award must be returned to the federal, programs that have been awarded. If excess financial aid funds have been refunded to the student, a portion of these funds may also need to be returned to the financial aid programs awarded. This may result in large sums being owed to both Georgia Piedmont Technical College (GPTC) and federal financial aid programs.

Students considering withdrawal from classes should consult the Financial Aid Office prior to initiating the withdrawal process. Withdrawal can have a significant impact on a current financial aid award, as well as future financial aid eligibility (see the Satisfactory Academic Progress Policy).

Unofficial Withdrawals Students who cease attending all classes and do not formally withdraw during a term may also be subject to the Return of Title IV Funds Policy referenced above. In all cases, the official withdrawal procedures should be followed. Students who stop attending classes before the end of the term will be treated as an unofficial withdrawal.

Special Services

Veterans

Georgia Piedmont Technical College's Office of Veterans Affairs assists U.S. military veterans, guardsmen, reservists, spouses and dependents with:

- Applying for GI Bill Benefits
- Certification of GI Bill Benefits
- Referrals to appropriate campus and community veteran resources
- VA Financial Aid Specialist Advisement
- Academic and career counseling
- Veterans Resource Advocate assistance

VA students must complete a Veterans Data Sheet available in the Special Services/Veteran Center office along with any required documentation including, but not limited to a DD214, COE (Certificate of Eligibility), etc., with the Veteran Support Liaison.

VA students receiving benefits from Chapter 35, Chapter 30, or Chapter 1606 should be prepared to sustain initial costs, if not receiving other financial aid assistance since benefits are sent directly to the student and may not begin for several weeks after enrollment.

Once a VA student enrolls, he/she must submit a copy of their registration invoice to the Veteran Support Liaison. Students must adhere to taking courses within their program of study as indicated on their VA form. VA students are required to report changes in program of study, course load, withdrawals or interruptions in attendance to the Veteran Support Liaison to minimize personal liability from over-payment of benefits.

Contact the Veterans Affairs Coordinator at 404-297-9522 ext. 1154, or at veterans@gptc.edu to schedule an appointment.

Disability Services

Not all students who apply for academic adjustments will meet the disability requirements at Georgia Piedmont Technical College. Some students are able to receive Disability Services at the secondary level or with other governmental agencies, but may not be eligible at the College level. However, the denial of Special Services does not prevent a student from attending classes. Georgia Piedmont Technical College follows laws and requirements as outlined by The Americans with Disabilities Act As Amended, Section 504 of the

Rehabilitation Act, the State of Georgia, The Technical College System of Georgia and the Regents System of Georgia.

When a student has been denied Special Services at Georgia Piedmont Technical College, the student should follow these procedures:

- A. Request that the Special Services Office conduct a documentation review. If the student has additional information that might be helpful, it should be submitted at that time.
- B. Make an appointment with the Office of Special Services to discuss the review decision.
- C. If the student feels that the review decision was unfair or inappropriate based upon the documentation submitted, the student should contact the ADA/504 Coordinator: Candice Buckley, Georgia Piedmont Technical College, Building A, Room 103, 495 North Indian Creek Drive, Clarkston, GA 30021, 404-297-9522, ext. 1111.
