@ GEORGIA PIEDMONT TECH

## Tuition Fees & Estimated Living Expenses

*Effective Fall Semester 2023*

### INTERNATIONAL STUDENT FINANCIAL STATEMENT

The F-1 and M-1 student must provide certification that funds are available to defray school expenses including tuition fees, school supplies, living costs, and related expenses. This money must be on deposit in an American bank or accompanied by a letter from a banking institution in your country that certifies the financial status of you and/or your family. Once a student has been accepted to Georgia Piedmont Technical College (GPTC), tuition for 1 semester MUST be paid in advance (\$6,394.00). The tuition is fully refundable if the student is not granted a student visa. Tuition and fees must be paid at the time of registration. **Financial Aid is not available to international students.**

All international students must take a full-time course load each academic term registered. A full-time course load at GPTC is considered 12 credit hours or more. Fees are capped at the 15-credit hour mark meaning that any credit hours above 15 are free to students, except for Specialty Programs. A credit hour is \$400.00.

International Student fees for 15 credit hours or more are as follows:

Tuition	\$6,000.00
Registration	\$68.00
Activity fee	\$40.00
Instructional / Technology fee	\$170.00
Accident Insurance fee	\$6.00
Campus Resources fee	\$75.00
Campus Safety fee	\$25.00
Student Assistance Program fee	\$10.00
Term total	\$6,394.00
Yearly total	\$12,778.00

Books and supplies generally range in price from \$300.00 to \$550.00 per semester

## ESTIMATED COST OF LIVING EXPENSES

GPTC is a commuter school and therefore does not have dormitories or on-campus living quarters. However, we are located in an area where a number of apartment complexes and extended stay hotels are right at our doorstep. GPTC accepts no personal liability for student's conduct, health or off-campus activities.

The figure below includes food/transportation/housing and is very conservative. It also takes into consideration that the student has at least one roommate. Living with more than one person could lower the cost and living alone could increase the cost.

Estimated total per month- \$1200.00
